## Searchers Reach Scene Of Plane Crash Of Oregon's Governor

News Honors Longest Married Grange Delegates

At the Pennsylvania State Grange sessions at the Cathedral on Wednesday, Mr. and Mrs. Charles M. Myers, of Center county, were found to be the longest married couple in attendance at the convention, and were presented with The News award of \$25. The picture shows Richard Rentz of The News, making the award to the couple. Mr. and Mrs. Myers have been married more than 50 years.

### Mrs. H. S. Truman Has No Presidential Ambition

By MARTHA KEARNEY  
(U. S. Staff Correspondent)

WASHINGTON, Oct. 30.—Mrs. Harry S. Truman has no desire to take over her husband's job and would not want her daughter Margaret to be a First Lady of the Land.

The First Lady's reaction to the job of being president was disclosed in answering written questions about herself for the time since the Trumans entered the White House.

She drew a picture of a warm, closely-knit family life with a counterpart in almost every happy American home.

**Worries About President**

Asked if she worried about the President during his absence on long trips, the First Lady answered with a terse "of course."

She revealed that in earlier years she also worried when her husband had to make a speech and that he rehearsed his speeches with her just like any president of the local Elks Club.

When Mr. Truman is no longer chief executive, she said, she would like about all things to go back to her independence, Mo., home again.

### Pa Newc Observes

Part of Friday's sessions in most schools in the city will be devoted to home room halloween festivities, Pa Newc is informed.

While raking leaves at his home, Aubrey Johns, Delaware avenue, was quite surprised to see a black snake. The reptile was as long as the handle of his rake.

Motorist are urged to be careful in making sudden stops on wet asphalt pavements. Coupled with wet leaves and the slippery pavements, serious accidents could result.

### Searchers Battle Route To Scene Of Plane Crash

Governor Snell Of Oregon; Two Top St te Officials And Pilot Believed Dead

#### TRIO STARTED FOR HUNTING EXPEDITION (BULLETIN)

KLAMATH FALLS, Ore., Oct. 30.—(INS)—Oregon Governor Earl Snell, Secretary of State Robert Farrell and Senate President Marshall Corbett with their pilot, Cliff Hogue, were found dead today in the wreckage of Corbett's private plane near Dog Lake in southern Oregon.

Word that their feared death had been confirmed was flashed by Merle Lowden, director of the search, at 8:06 a. m.

By GEORGE L. SCOTT  
(U. S. Staff Correspondent)

KLAMATH FALLS, Ore., Oct. 30.—Half a hundred ground searchers battled through dense forests and rugged terrain shrouded in snow today seeking the wreckage of a private plane in which Gov. Earl Snell of Oregon is believed to have died.

With him were two top state officials—president of the Senate Marshall E. Corbett and Secretary of State Robert S. Farrell Jr.—as well as pilot Cliff Hogue of Klamath Falls.

#### Plane Wreckage Sighted

The wreckage of the plane was sighted near the California border, three miles west of Dog Lake, 54 miles east of Klamath Falls.

Observers who saw it from the air said "nobody could have lived" through the crash. No sign of life was found near the plane.

At least one tree had been sheared—

### Mummers Ready To Move Tonight In South Side

Leave the dinner dishes in the sink tonight, skip that cup of coffee and get on down to the South Side. It's the night of the halloween parade, and neighbor it is going to be a super-duper. It is the 25th annual parade of its kind, and this one will be tops, so General Chairman Ivor V. Davis stated today.

There will be five bands in the line of march, thousands of mummers and uncounted thousands of spectators. The parade moves out from the corner of Pennsylvania and Long at eight o'clock, moves on down to Mill street, up Mill to Home, down Home to Moravia and down Moravia to Long, thence up past the reviewing stand.

The weather appeared to be promising, and that's enough. The kids will do the rest for a crowd in the line of march.

### Gen. DeGaulle Back In Paris

PARIS, Oct. 30.—(INS)—Gen. Charles DeGaulle returned to Paris today simultaneously with French National Assembly action on Premier Paul Ramadier's demand for a confidence vote.

De Gaulle ostensibly returned to deal with problems of his French People's "rally" organization.

But he apparently wished to be on hand for the assembly vote.

The atmosphere in the chamber was tense. American newsreel cameramen, some of whom were beaten up in Tuesday night's street riots, took the precaution of wearing aluminum helmets bearing their names and those of their organizations in black letters.

### HALLOWEEN PRANK CAUSES INJURY

Mrs. Sara Booth of 1014 Becker street suffered a laceration of the big toe of her right foot when Halloween pranksters tried a practical joke which backfired.

Mrs. Booth was getting into an automobile after attending a party on Taylor street at 1 o'clock this morning, when a firecracker attached to the ignition exploded. Frightened, she attempted to jump from the car and caught her foot on the running board.

### Boston Firm Robbed Of \$110,000 Payroll

BOSTON, Oct. 30.—(INS)—Six bandits held up the paymaster and five other employees of the B. F. Sturtevant Manufacturing company in Hyde Park today and escaped with a \$110,000 payroll.

The robbery occurred shortly after the plant opened for the day. Paymaster R. W. Marshall and the other employees were forced to line up against a wall by the bandits who took the money and fled.

Secretary Of State Returns To Washington From U. N. Sessions

#### MAKING READY FOR CONGRESS SESSION

By JOHN A. REICHMANN  
(U. S. Staff Correspondent)

WASHINGTON, Oct. 30.—Secretary of State George C. Marshall resumed command of the State department today in preparation for the battle his foreign policy particularly aid for Europe will raise in Congress.

After more than a month of personal direction of the United States delegation's campaign in the United Nations, Marshall returned to Washington by plane late Wednesday. From now on he will make his headquarters at the State department, going to Flushing Meadows, N. Y., only when necessity requires his presence.

### Chest 'Oscars' To Be Presented

Awards To Go To Leaders Whose Divisions Reach, Exceed Their Quotas

Community Chest "Oscars" signifying the attainment of a 100 per cent total in the current campaign, will be presented to divisional leaders deserving them at the report meeting Friday noon in The Castleton hotel.

This distinctive emblem of service is on the form of a statuette in full color standing eight inches high with a plate suitably inscribed "Community Chest—1947 Award".

The "Oscars" arrived at the chest headquarters Wednesday and will be presented by general chairman George F. Winter.

#### Hope For Fine Gain

Officials of the drive hope for a substantial gain at tomorrow's meeting. Over \$26,000 remains to be collected if the campaign is to go over the top. The workers have been especially active during the past few days in an attempt to reach every citizen for a contribution.

If you have not given, do so today. Everybody benefits—everybody gives.

### Both Big National Conventions Will Be Held In Philadelphia

By WILLIAM THEIS  
(U. S. Staff Correspondent)

WASHINGTON, Oct. 30.—GOP Chairman Carroll Reece kicked the door wide open today for a fresh exchange of political charges in the eight months remaining before both parties meet in Philadelphia to pick their 1948 presidential candidates.

The Republican chief declared that the selection of Sen. J. Howard McGrath of Rhode Island as the new Democratic national chairman shows that the Truman administration is permitting "radical groups" to control party policy.

Reece called the senator, former solicitor general of the United States, a "millionaire Rhode Island Red."

There was no immediate comment from McGrath, but a Democratic national committee spokesman retorted that Reece "has only one record which he plays and plays with the same needle."

The spokesman added: "This only a daggerreotype reaction to the fact that recent polls show President Truman and the Democratic party far out in front."

Reece's statement was issued at about the time McGrath acted to prevent the Democratic national committee from approving a resolution which accused the GOP 80th Congress of placing "partisan politics above love of country."

McGrath, pointing out that he had appealed for a "non-partisan" policy in the forthcoming special session of Congress, told newsmen the resolution was "too bitter."

### Princess Speaks At Launching Of Ship

By FRED DOERFLINGER  
(U. S. Staff Correspondent)

CLYDEBANK, Scotland, Oct. 30.—Princess Elizabeth, expressing delight that her fiancé was at her side, told a crowd of cheering Scots at a ship launching today that Lt. Philip Mountbatten shares her pride in the accomplishments of British ship designers and builders.

The heiress presumptive, making one of her last public appearances before her wedding Nov. 20, told her future subjects that Britain can weather the economic storm "only by putting claims of our country far above personal feelings."

#### Got To Win This Battle

With all the dignity and oratorical grace expected of royalty, the strong-minded 21-year-old princess said firmly: "As in 1940, we have got to win this battle ourselves."

Officials and Scots cheered as she launched the 34,000-ton White Star liner Caronia.

She told them Britain "must work out its own salvation."

The princess, referring to the future prince consort, said: "Naturally, he shares my interest in your achievements and my pride in the fame which our designers and builders have won for us through the ages, and which

### Cite Lardner For Contempt

(BULLETIN)  
WASHINGTON, Oct. 30.—(INS)—Ring Lardner, Jr., Hollywood writer and son of the famous American humorist, today was cited for contempt of congress in refusing to declare whether he is a member of the Communist party.

Also cited for contempt for the same reason was Lester Cole, another Hollywood writer. This brings to ten the number of contempt actions instituted by the house un-American activities committee conducting the Hollywood investigation.

### One Will Be Queen At New Wilmington High

NEW WILMINGTON, Oct. 30.—Nine of the prettiest girls at New Wilmington high school have been named candidates to reign as queen for the Sweetest Hop to be held in the Community hall, Friday night, Nov. 7. Each of the upper three classes chose three candidates. Boys will ballot and the winner will be announced at the dance. The contestants, left to right, are: Joan Thomas, Shirley Brush, Marilyn Elder, Janet Hawthorne, Patricia McClure, Gloria Phillips, Lorraine McGinnis, Joan Borowicz, and Alice Frew.

### Central Philippines Struck By Typhoon

MANILA, Oct. 30.—(INS)—A typhoon, with winds of more than 100 miles an hour in velocity, hit the central Philippine island of Samar today.

Advent of the storm was reported by the U. S. navy's weather bureau which said the gale was expected to pass south of Manila and that the capital may feel some of its effects.

### Small Victory Margin Seen For Ramadier

Expect French Premier To Gain Temporary Victory In Assembly Vote

#### BELIEVE OUTBREAKS AFFECTED STAND

By JOHN E. LEE  
(U. S. Staff Correspondent)

PARIS, Oct. 30.—Socialist Premier Ramadier faced the prospect of squeezing through by an extremely small margin—possibly not more than 20 votes—when the French assembly decides the fate of his middle-of-the-road cabinet today.

ing policy at a strategy meeting this morning. It was learned the radical socialists will divide their votes as follows: 14 for a vote of confidence, 12 against and four abstentions.

A majority for Ramadier was considered possible with Socialist and Popular Republican support.

#### Some May Bolt

But discipline is not strong among the left rally members and some in the "anti-column" may bolt to Ramadier at the last moment.

The communists are expected to oppose him, having leveled increasingly bitter attacks against the government and the Marshall plan.

Pre-balloting consensus was that Ramadier would pick up sufficient votes among the radical socialists and Popular Republicans to assure victory.

The Popular Republicans were expected to throw most of their 162 votes to Ramadier. The Socialists control 108 seats in the assembly which has 619 seats for France proper.

#### Attacks Affect Decision

In some quarters it was felt that the increasing threat of division of France into left and right camps and possible civil war strengthened his position.

It was believed the severe communist attacks against Ramadier, the new power of the De Gaulists, Tuesday night's communist clashes with police and last night's threat of a new communist riot, all had helped swing the vote to Ramadier.

Most observers felt that despite the outcome of the assembly vote the 13-member Ramadier cabinet would be streamlined after Charles De Gaulle's municipal election victory, could not last more than a few weeks.

### Ford's Grandson Lifts Smoking Ban In Company Plants

DETROIT, Oct. 30.—(INS)—One of Henry Ford's most rigid rules—no smoking—was lifted today by his grandson, Henry Ford II, president of the Ford Motor Company.

The company announced that beginning Nov. 15 smoking will be permitted in the Political and Security committee today's morning and afternoon sessions, a sound majority of the 57 nations will vote for a U.N. commission to proceed to Korea.

United States efforts will be concentrated on having a showdown vote during the late afternoon on the American amendment to the Russian resolution calling for "elected representatives of the Korean people" to participate in the discussions at Lake Success.

The U. S. delegation and a number of others suspect that the Soviet proposal is a covert attempt to bring Communist leaders in Korea to the U.N. deliberations.

#### HIGHWAY CRASH FATAL

ERIE, Pa., Oct. 30.—(INS)—Pennsylvania State police reported today that W. A. Nicholas of East Aurora, N. Y., was instantly killed last night when his car collided head-on with a truck near North East, Pa. Walter Beattie, of Green-which, O., the truck driver, was not injured, although his truck skidded off the road.

### New Record At State Grange For 6th Degree

Total Of 2,962 Candidates Invested With Sixth Degree At Convention Here

#### NATIONAL GRANGE SECRETARY SPEAKS

All records for initiation of candidates into degrees of the Pennsylvania State Grange were broken Wednesday night in The Cathedral. A total of 2,962 candidates were invested with the sixth degree of the organization, more than twice as many as the former high mark. For the fifth degree about 1,500 were initiated.

The sixth degree was exemplified by the state degree team with State Master, W. Sharp Fullerton in charge. The fifth degree was exemplified by the Pomona degree team of Lawrence County with Master William H. McCullough in charge.

#### Caton Speaks

Harry A. Caton, secretary of the national grange was the principal speaker at the night meeting and spoke of the future of America, the responsibility of the citizens and especially the responsibility of the farmers of the nation.

For the night session The Cathedral was jammed as it has seldom been jammed before. Every seat was taken, the stage was full, and hundreds of candidates were held in other rooms awaiting their initiation. It was the top performance of the State Grange.

#### Trip Through Pottery

On Wednesday afternoon the wives of the Grangers were taken on a trip through the Shenango Pottery. The women were amazed at the efficiency of the pottery's operations, and the beauty of the

LAKE SUCCESS, N. Y., Oct. 30.—Soviet Russia faces certain defeat in the United Nations today in attempts to block General Assembly action to expedite elections and establishment of an independent Korean government.

Advance indications are that despite a last-ditch fight by the Soviet bloc in the Political and Security committee today's morning and afternoon sessions, a sound majority of the 57 nations will vote for a U.N. commission to proceed to Korea.

United States efforts will be concentrated on having a showdown vote during the late afternoon on the American amendment to the Russian resolution calling for "elected representatives of the Korean people" to participate in the discussions at Lake Success.

The U. S. delegation and a number of others suspect that the Soviet proposal is a covert attempt to bring Communist leaders in Korea to the U.N. deliberations.

They'll be dressed in comic costumes and they'll dance along the streets, some with mincing, graceful technique, some on heavy, lumbering feet. There'll be fun and lots of laughter and a heap of funny tricks, at the halloween shenanigan—the weather's sixty-six.

## President Pays Solemn Tribute To War Heroes

By ROBERT G. NIXON  
(U. S. Staff Correspondent)

WASHINGTON, Oct. 30.—(INS)—President Truman paid reverent and solemn tribute today to the nation's sons who fell on foreign battlefields in World War II.

The chief executive, flanked by generals and admirals, stood with bowed head at Arlington National cemetery as full military honors were rendered to 20 men who laid down their lives that freedom and democracy might survive.

**First Returned**  
These 20 were the first group of the war dead now being returned to their native soil from battlefield graves overseas to be buried in the Arlington military cemetery across the Potomac from the nation's capital.

## Angel Showing Some Improvement

John Angel, 16-year-old Detroit youth, who was critically injured when a car, alleged to have been stolen, in which he and another youth were attempting to drive to McKeesport from Lansing, Mich., crashed and struck a tree on Route 422, near Rose Point, October 19, has now regained consciousness, it was stated at the Jameson Memorial hospital.

The youth lay in an unconscious condition for ten days before he regained consciousness, but his condition is still serious, it is stated.

ed off, and the wreckage was strewn over a wide area.

Between 40 and 50 men plunged into the woods, seeking the ill-fated craft. The first ground party routed logging road that twists through the area and was reinforced by 18 more men before it drove into the wilderness for the second time.

Cornett normally would become governor in case of Snell's death. If both are found to be dead, Speaker of the House John H. Hall of Portland will become governor. Farrell would have followed Hall in succession.

The wreckage was sighted shortly before twilight by Pilot Robert Adams, a Lakeview lumberman, and his observer, Gregg Painter. In spite of stormy weather aloft, they identified the plane as silver with red trim, the color of the Snell plane, and read its numbers—NC2978V.

The missing plane had a wireless set, but it was not working. Oscar Kittredge, part owner of the plane, said he had no doubt that the wreckage was that of the missing craft.

Adams and Painter reported that the wreckage lies in the midst of pine woods cut with sharp ravines, outcropping rock and jutting peaks.

Merle Lowden, supervisor of the Fremont National Forest, took charge of the ground search and first told a forest crew nearby to strike out for the scene. The parties were instructed to return to mobile wireless sets along the way if they reached the wreckage.

The three state leaders were flying to Kittredge's ranch to hunt geese and ducks. They left Klamath Falls at 10 o'clock Tuesday night for the 33-mile flight.

## Pa Newc Observes

Side arrived at work on Wednesday, to discover one of his outdoor signs had been hoisted to the roof of his building by pranksters during the night. For safety, removable articles should be moved indoors until after halloween night.

Loud creaking of a gasoline propelled street roller had Court House employees and East Side residents holding their ears for a time Wednesday afternoon. The roller was engaged in smoothing the curbside of the street after the application of asphalt. No complaints were heard though as those using the street were glad to see the street being resurfaced.

Cars from a number of out of state cities are easy to sight on downtown streets these days. Several states have not brought back into use the front license plate which makes the cars easy to detect. Evidently some of the states plan to keep the one plate system permanently.

From observations, many local firms have pressed into service, war surplus vehicles. In some instances the former army vehicles almost out the regular commercial trucks owned by the firms. Some of the trucks seemingly have seen overseas service.

A number of the old dilapidated street signs in the residential section of the city still stand. The signs, along side of the new ones that were erected by the city, look very "seedy" and would make a great improvement if removed. At Adams and Butler avenue, the old sign is pretty much on a lean.

State Highway ash piles are being replenished by road workers in readiness for any sudden change in the weather. The ashes are shipped into the city in carload lots and dispensed to the points where they are stored.

In order to be a "first", one property owner has already begun the construction of a filling station along the new Route 422. Evidently more of the stations will pop up shortly along the new route.

South Side will be the center of the city tonight—occasion of the South Side mums' parade. Thousands of spectators and participants will be in the South Side for the event.

Once again this is poultryless and eggless Thursday, under the national program of food saving for the aid of Europe.

New Castle and Lawrence county got another rain during the night, but it was not of the soaking variety. For three nights in succession light rains have occurred here.

## Deaths Of The Day

James W. Frisbee

James W. Frisbee, aged 46 years, of East Washington street extension, R. D. 1, died Wednesday evening at 9 o'clock at his residence. He suffered a heart attack last Saturday. Mr. Frisbee had been serving as deputy sheriff of Lawrence county. Born in Lawrence county, Pa., September 18, 1901, he was a son of the late Edward M. and Mary Bartley Frisbee.

The deceased was a member of Central Presbyterian church, Westminster Lodge No. 727, F. and A. M., and Valley of New Castle Consistory, A.A.S.R.

Survivors include his widow, Mrs. Helen M. Hutchison Frisbee, whom he married 15 years ago; two children, James Marvin and Helen Carol Frisbee, both at home, and a brother, Frank Frisbee, New Wilmington, R. D. 1.

He also leaves four half-sisters, Mrs. Harriett Armstrong, New Castle, R. D. 6, Mrs. Mary Davis, Kent, O., Mrs. Effie Heil, Meadville, Pa., and Mrs. Daisy Boyd, and six half-brothers, Edward Frisbee, East New Castle, R. D. 1, Roy Frisbee, California, Charles Bartley, Toledo, O., John, Edward and Albert Bartley, all of New Castle.

Funeral services will be conducted Saturday afternoon at two o'clock from the Howard L. Reynolds funeral home, Adams street, with Dr. Robert M. Patterson officiating. Interment will take place in Castle View Burial Park.

Friends will be received at the funeral home this evening as well as Friday evening from 7 to 9 o'clock.

**S. A. Black**  
S. A. Black, aged 79, of R. D. 5, died at his home Wednesday evening at 8:30 o'clock, following an illness of one year.

Born in East Brook October 10, 1868, he was the son of the late James and Mrs. Buchanan Black and had resided in the East Brook community his entire lifetime. He was a farmer by occupation. Fifty one years ago, November 13, Mr. Black married the former Louisa Fisher, who survives.

Mr. Black was a member of the East Brook U. P. church and the Men's Bible class of that church.

In addition to his wife he is survived by one son, Charles M. Black at home.

Funeral services will be conducted from the late residence Sunday afternoon at 2 o'clock with Rev. Hugh Snodgrass officiating.

Interment will be in East Brook U. P. cemetery.

The body will be removed from the Cunningham funeral home, East Washington at Chestnut, late this afternoon to the residence, where friends may call at any time.

**S. Sgt. Duwayne P. Goodwin**  
The body of S. Sgt. Duwayne P. Goodwin of New Galilee, who died Tuesday at Burlington, Vt., as the result of injuries suffered October 19, will arrive some time Friday in Wampum, where it will be taken to the Marshall funeral home.

Sgt. Goodwin was injured when a jeep he was driving skidded and overturned. Funeral services will be conducted Sunday afternoon at 2:30 o'clock from the Marshall funeral home.

Interment will take place in Oak Park cemetery, New Castle.

Friends will be received at the funeral home Saturday afternoon from two to four o'clock and in the evening from seven to nine o'clock.

**Mrs. Mann Funeral Changed**  
Funeral services for Mrs. Mary E. Mann, 222 Pearson street, will be conducted from the DeCarbo funeral home, East Lutton at Cunningham, Friday at 2 p. m., instead of at the Pilgrim Mission church.

Burial will be in Oak Park cemetery. Friends may call anytime at the funeral home, but the family will meet friends from 2 to 4 and 7 to 9 o'clock today.

**John Fesic**  
John Fesic, aged 52 years, of R. D. 6, died in the New Castle hospital Wednesday following a short illness.

The deceased was born February 16, 1895, in Austria, son of Mr. and Mrs. Anthony Fesic. For the last 10 years he worked at the Shenango Pottery, and prior had been affiliated with the National Radiator. Mr. Fesic had been in America since his childhood.

No survivors are known.

The body is at the DeCarbo funeral home, where friends may call anytime after 4 p. m. on Friday.

Funeral services are Saturday morning at 8:30 o'clock in the Holy Trinity Ukrainian Orthodox church. Burial will be in Greenwood cemetery.

**Infant Emery**  
Infant son of Raymond and Dorothy Barber Emery of 422 East Sheridan avenue, died at birth Tuesday in the Jameson Memorial hospital.

Private funeral services were conducted this afternoon at 1:30 o'clock in Oak Park cemetery with Rev. S. E. Irvine in charge.

**Mrs. Parau Funeral**  
Funeral services for Mrs. Lucetta Parau, 1207 Pollock avenue, were held Wednesday at 2:30 p. m. in the John R. Bigler funeral home, Rev. Nicholas Moldovan of Farrell, Pa., in charge.

Pallbearers were John D. Rusu, Nicholas Adams, Asen Turk, John Oprea, George Stanciu and John Morar.

Burial was in Greenwood cemetery.

**Mrs. Cosgrove Funeral**  
Funeral services for Mrs. William Cosgrove, New Galilee R. D. 1, were conducted Wednesday afternoon at 2:30 o'clock from the Marshall funeral home with Rev. Henry Thorburn officiating.

David Cosgrove, Lloyd Ligo, James Huston, George Scott, William Dodds and Harry Cunningham officiating.

Interment took place in White church cemetery.

**Boston Funeral**  
Funeral services for William John Boston, 619 Raymond street, were conducted Wednesday afternoon at 2 o'clock from the R. L.

Boyd funeral home with Dr. J. Paul Graham, minister of Third U. P. church, officiating.

Mrs. Plummer Gibson and Mrs. Leroy Book, accompanied on the organ by Mrs. Richard K. Allen, sang a hymn.

William Williams, Abe Kildoo, Frew Book, Elmer Beighley, George Gray and George Davies served as pallbearers.

Interment took place in Castle View Burial Park.

## MARSHALL MAKES PREPARATION FOR EUROPE AID BATTLE

(Continued from Page One)

next month readying himself for the London conference of foreign ministers. This will be the next crucial test of relations between the east and west.

At the London meeting late in November, the foreign ministers of the U. S., United Kingdom, France and Russia will seek to break the deadlock which developed at the Moscow conference, where the top diplomats failed to agree on peace treaties for Germany and Austria.

In event the big powers fail to find a formula to break this deadlock, observers believe that the western powers might then feel forced to proceed on their own and, possibly, make separate treaties with the two European states and Japan.

**Crisis Postponed**  
Marshall is known to feel that the crisis which might have developed at Flushing Meadows appears to have been postponed indefinitely. This has been indicated in his decision to return to Washington.

He also is known to feel certain that there can be no meeting of the Big Four foreign ministers there, as was tentatively proposed, nor any progress made on setting up a conference for the Japanese peace treaty.

Marshall now can assume the reins of foreign policy in day-to-day developments. He will leave to Undersecretary Robert A. Lovett the task of forging out the Marshall plan for long range aid to Europe. Lovett has been immersed in the problem for several weeks.

However, Marshall will make the initial presentation of his case to the House and Senate committees when they meet next month. He also will remain at his post in Washington for the first ten days of the special session of Congress.

By that time, it is believed, Congress will have given a fairly clear indication of its attitude toward the plan.

If this proves favorable, State department officials argue, it will greatly increase Marshall's bargaining power with the Russians in London.

McGrath said he will decide soon on a date for the party's nominating meeting and promptly appoint a committee on arrangements to begin work. He indicated the Democratic convention would meet early in July, after the July 4 holiday. The Republicans convene the week of June 20.

Philadelphia turned over to McGrath a certified check for \$200,000 and pledged an entertainment fund of \$50,000 for the Democratic convention. The Quaker City, whose cash and persuasiveness won the Republican convention the same way, landed the Democrats without opposition.

Supporters of San Francisco decided at the last minute not to make an offer. Responsible party sources said that San Francisco interests actually were unwilling to put up more than \$100,000 to bring the Democrats to the Pacific Coast.

Mrs. Edward Heller, national committeewoman from California, told her colleagues, however, that San Francisco had been "prepared" to match Philadelphia's offer. She said that after discussing Philadelphia's advantages with McGrath she decided "reluctantly" not to make a formal bid.

## MRS. H. S. TRUMAN HAS NO AMBITIONS TO BECOME PRESIDENT

(Continued from Page One)

ers to questions disclosed that she keeps a scrapbook on the activities of the President and one on daughter Margaret, but none on herself.

Mrs. Truman said she tried to keep up with foreign and domestic news, largely through reading newspapers.

**Up To Daughter**  
While maintaining a marked reticence about her daughter, Mrs. Truman did say that the choice between marriage and a career is "entirely up to Margaret" but she would not particularly want Margaret to be a First Lady.

With a completely feminine reaction, the First Lady said that she did not believe a woman would

ever become president and, furthermore, said that she herself would not want to be president.

In response to a question about her housekeeping in the White House compared with housekeeping in Independence, Mrs. Truman answered that the White House is the same kind of housekeeping "on a much broader scale" with much personal responsibility absorbed by a housekeeper.

She struck a loyalty Democratic note when asked if she would go to the 1948 Democratic National Convention. She answered:

"I expect to; I wouldn't miss a Democratic National Convention if I could help it."

## \$5 WHEAT FOR EUROPE?

Argentina is ready to help feed a hungry world which gives little indication that it intends to help itself if that involves returning to work—at a price. With wheat \$3 a bushel on American markets, she will sell her wheat for spot cash—the cash, presumably to be supplied by the United States.

Thus Argentina proposes to make good on President Peron's speech of last July. At that time, with one of those perennial Pan American conferences coming up and Argentina in bad repute because that nation retained its neutrality during the war, the head of the South American country's government emitted the sort of words the conference leaders wanted to hear. He said his country would give all the economic aid it could to war-ravaged countries.

Now Argentina has wheat to export to those war-ravaged countries. At \$5 a bushel.

Times have certainly changed since 1932, when wheat went as low as 44½ cents on the Chicago market. With near-starvation conditions in Europe, wheat is in great demand because grains require far less shipping space for a given number of calories than most other foods, contain a high proportion of essential nutrients for subsistence feeding, and therefore meet the need at relatively low cost.

Europe, the Department of Agriculture has estimated, will need to import 570,000,000 bushels of grain this year, most of it wheat. The boys in Washington have estimated that the United States—if Congress appropriates the money—can supply 400,000,000 bushels of wheat and 70,000,000 bushels of other grains toward this total.

Unless Washington, in its enthusiasm, provides still more, 100,000,000 bushels—if Europe actually needs 570,000,000 bushels—must come from Argentina. And Argentina has no desire to play Santa Claus.

## PYROMANIACS

Forest fires bring out a peculiar quirk in human behavior, the pyromaniac complex.

Most persons have a touch of the pyromaniac in their make-up. It consists of no more than idly gazing at a fireplace or rushing to the scene when a fire breaks out to stand and gaze while a building burns. There are persons who have an almost uncontrollable desire to watch something burn.

When a forest or prairie fire breaks out such persons have a field day. They stealthily set other fires for fear the excitement will die down. Often they do not knowingly seek to injure any person, financially or physically. They simply want fires.

Then, too, forest fires give those persons holding a grudge against forest land for one reason or another a chance to strike a telling and undetected blow.

Time was when the situation was not serious except for loss of human life. But today the nation's timber resources are more valuable. Man fights forest fires with planes and scientific methods, but they still cause huge damage annually. It is saddening to learn that arsonists and pyromaniacs still take life and destroy much property, but so far nobody has learned how to cope with their peculiar quirks of mentality.

## FIRE AND YOUR CHILD

Fire is the leading accidental killer of children. While the battle against disease as a cause of child fatalities is being won, the battle against accidents is being lost.

Somé 6,000 children under the age of five die in home accidents each year. More than a third die from burns and scalds—a larger toll than is exacted by the dread disease of polio. On top of that, for every child who is fatally burned, many more are crippled or disfigured for life.

No child is burned through his own fault. The blame comes home to parents who, through carelessness or ignorance or downright inertia, permit the child to be exposed to hazards. Suggestions made by the National Board of Fire Underwriters should be memorized by every parent:

Never leave children unattended in the home, and be sure the sitter is responsible.

Keep matches, hot liquids, lamps, etc., out of the reach of children.

Don't permit children to play with bonfires or fireworks. Such amusements as popcorn roasts should be held under close adult supervision.

Avoid dressing children in highly inflammable clothing, such as net dresses.

In case of fire, get children out of the house, then call the fire department.

If all parents will follow these rules, the horrible toll fire now takes in the coin of children's lives and health will be sharply reduced.

One statesman suggests that surplus C-rations be sent to Europe. Apparently he is convinced what Europe needs is more rugged individualism.

Critics don't think much of Margaret's voice, but rate it somewhat above Sinatra's.

# In View Of The News

By J. C. Ostreicher, INS Foreign Director

An apparently untenable situation in the French National Assembly was revealed to the world in the wake of Premier Paul Ramadier's demand for a vote of confidence following Gen. Charles De Gaulle's electoral victories.

Ramadier has asked that on Thursday the Assembly created under a new constitution to shepherd France out of the hardships of postwar existence vote yes or no on his Socialist policies.

At the moment, it appears he will be sustained. The constituency of the Assembly—except for the Communist bloc—stands behind him.

And De Gaulle has no parliamentary representation at the present.

## Foreshadow Change

But the fiery exchanges, the cross-fire of accusations and allegations, the charges of an American "mortgage" by Communist leader Jacques Duclos and the quiet assurance of De Gaulle that he now enjoys a popular mandate, all foreshadow a government change that seems inevitable.

In its most vociferous pre-war days, a French chamber of deputies probably never underwent a more trying and noisy session than this one. It demonstrated beyond all possible doubt that the mile-wide cleavages among French factions of political thought and that a reorganization of one kind or another must be forthcoming.

Duclos went on the Assembly floor with the now familiar Communist charge that President Truman, with the aid of Wall Street Capitalists, is "trying to dominate the whole world."

Someone called him a liar.

## Charges Are Made

Then he charged that France was trying to sell out to private ownership its cherished system of state railways. These now are only getting back on their feet with the reestablishment of the sleek Simpon Express to the Orient and the famous "Blue trains" that connect Paris and the Riviera.

A government spokesman called this impudent and untrue. In the end, Duclos was forced to admit he merely feared that such a deal

would be made if the Ramadier government continues its alleged financial combine with the United States.

Elderly, dignified Edouard Herriot, leader of the moderately conservative and surely misnamed radical Socialist party, did a yeoman job in maintaining a semblance of parliamentary decorum in the frenzied meeting.

But even the best of his efforts could not cloak the fact that the supposedly austere assembly met together in the manner more usually associated with Kilkenny ctas.

## Britain Struggles For Coal Production

LONDON, Oct. 30.—The first step in the socialization of Britain's coal mines was taken a long time before the present labor government came into power. Most people failed to understand that that early step would lead to nationalization, which took place last year.

In 1930 the government passed a coal-mines act fixing production quotas and minimum selling prices for the entire industry. That act of parliament removed the last shred of competition—the workings of the law of supply and demand—from a chaotic and mismanaged industry.

It brought some order to coal mining but at the cost of keeping in operation uneconomic mines that should have been modernized or closed down long before. Under the umbrella of the law, high-cost mines survived because of a price fixed high enough to make a profit possible. Anyone who wants to find out how monopoly control, finally sanctioned by law, prepares the way for socialism should come and study the mining industry here.

## Seek To Modernize

The National Coal Board, which took over the mines under an act passed last year, is now trying to bring the industry up to date. Chairman of the national board is Lord Hyndley, who was managing director of one of the largest coal companies in the country before socialization. Every British government during the past 30 years has turned to him for advice on coal and each government, conservative, liberal and labor alike, has honored him. At one time he was a director of the Bank of England.

Hyndley says that nationalization was inevitable, given the condition of the industry. He himself in 1945 submitted an unpublished report which proposed some halfway toward national ownership as an intermediate step.

The coal board that Hyndley now heads is a national corporation with autonomous powers. The precedent for such a public corporation goes back 50 years to the port of London authority. In the same pattern is the broadcasting industry, publicly owned by the British Broadcasting Corporation. Still another example is the British Overseas Airways Corporation, which operates all of Britain's civil aviation beyond the home shores.

## Struggles With Handicaps

The new thing about the coal board is that for the first time the government has put a basic industry under a public corporation. It happens also to be an industry that had degenerated into a kind of an economic slum, with low standards of pay and low standards of technique. Against those handicaps the coal board is now struggling.

Through his own efforts in industry, Hyndley has achieved a modest fortune and a peerage. He is 64, an age when most men like to think of letting down a little. Yet at a salary of \$34,000 a year, scarcely half of what he could get from private business, he has taken on a terrific job that demands 12 to 14 hours a day of his time.

His motive is a strong sense of duty. It is this same sense of public obligation which through the years of Britain's world supremacy, put men of capacity into responsible public office. It is one of Britain's assets today in this gravest crisis.

One line of attack in the conservative press is that too much power is centralized in the National Coal Board in London. Actually, under the nationalization

Some sections of town seem to be on the black list when it comes to garbage collection . . . the past few months collection of table linens has not been satisfactory . . . just who is at fault? . . . that is the question.

It might be wise for each motor car operator to take stock of himself and to keep saying over and over again all streets are slippery when wet. We have just come through a long dry spell and streets do collect oil and grease which means it will be a few weeks until sufficient rain falls to wash them clean again . . . and no one needs to have a B. ### LEARNING TO TYPE CORRECTLY

The housewife, small business man or woman, the youth in high school or college—almost any person—may find a typewriter a useful tool. While an occasional person may use a typewriter so little as hardly to warrant his having special training in proper skills at typing, most persons who will use a typewriter often will profit from training at typing accurately.

Many of us who have been using a typewriter for years still make some of the same mistakes we made years ago and may never have attained much speed. See how much time we could have saved all these years, if we had acquired good typing skill from the time we first typed.

**A Few Fingers**  
Even the thousands who use the "hunt and peck" method, employing but a few of their fingers, could do far more accurate and speedy work if they constantly put emphasis on hitting the letters accurately.

To anyone beginning to use a typewriter: Center on accuracy, whether you are "just learning the best way you can," teaching yourself from a guide book, or learning under skillful instruction.

Be satisfied only with neat accurate work. If you must erase often the work hardly can be tidy. Every time you must erase you waste a lot of time. Besides, you are so annoyed that you are rendered less fit to type the next word. A mistake once made may easily be repeated and the more often it is repeated the longer the error will persist. Just remember that the wrongs tend to be practiced with the rights and that the more we hurry as we learn the more wrongs there are.

### STEEL MILLS

Our steel mills turn out a lot of iron. They use up a lot of iron ore. The finished steel is used in making autos and carpal saws, and watches and knives and nails and hinges and files and other useful things.

Our bodies use up a lot of iron too. The iron is taken out of the ground by plants. Then we eat the plants and get the iron.

Sugar cane does a good job of getting iron. Molasses has a lot of iron in it.

Most vegetables provide a good supply. Eggs and meat are good sources of iron.

## Looking At Life

By Erich Brandeis

What a relief it is in these worrisome days to see that people still place so much importance on so many apparently completely unimportant things.

When trifles lose their importance, then is the time to start worrying about the state of the nation and of the world.

In Atlantic City the National Pretzel Bakers' institute has just completed its seventh annual convention.

A resolution was passed to undertake an educational campaign for the purpose of giving housewives a new twist on the food value of the humble pretzel.

A serious effort will be made to take the pretzel out of the barroom and bring it into the kitchen.

The University of Illinois wants 40 monkeys to wear corsets for two years in an experiment that may determine how grandmother got her ulcers.

Research has shown that women are more susceptible to ulcers when they lace themselves tightly and, in view of the fact that Paris designers want to bring the corset back, further experiments in this field are considered important.

A Chicago inventor has perfected a square egg. I shall not go into the details of the matter, but the inventor claims that square eggs won't roll off the table and that they can be packed much more economically in shipping.

In England, beset with all sorts of troubles, the whole population is arguing pro and con on the question whether Princess Elizabeth shall have to promise to obey her commoner husband.

There is also much heated controversy over whether it is right or wrong that the Duke and Duchess of Windsor have not been invited to the wedding.

In my own home we listened to a radio commentator last night who predicted almost immediate war, who told us that Russia was ready with germ warfare and atomic bombs that would blow up at least 30 of our biggest cities within 24 hours after the war had started.

"Isn't that terrible?" I said to my wife.  
"Yes," she replied, "and will you please put all your dirty laundry into the hamper tonight? The boy is coming first thing in the morning."

Are you ready for war? Maybe, but first you have to do your shopping for tonight's dinner.

Are you scared stiff of the approaching enemy? Maybe, but first the kids have to be got off to school.

### AWAKE AND SLEEP

I have been a millionaire. I've owned yachts as big as any built for sailing anywhere. And they've never cost a penny. I've had medals on my breast. And, though boastful this is seeming.

I've had everything that's best. Many a night when I've been dreaming.

Fame is but a part-time pride. Kings are kings the day through only.

Sleep puts all the crowns aside. Dreams bring friendships to the lonely.

Restless be the great man's night. Troubled on his couch he pitches.

Sleep! And care has taken flight. Happy dreams are night-time riches.

One must be awake to be Richer, clever than another. Once asleep, no more is he Greater than his humbler brother.

Sleep puts titles all away. Strips the coat of medals gleaming. Many a night the poor man may Be the richer when he's dreaming.

# 'Caesar' Petrillo's Latest Edict

By PAUL GALLICO

It is remarkable with what persistence and accuracy Labor leaders can boot you out of their corners where you would like to be, into the corners of the other fellows where you do not wish to find yourself at all.

Take myself, for instance. I believe in Unions, Collective Bargaining and the rights of Labor, vs. Mr. Caesar Petrillo, the chap in charge of all the noises coaxed from instruments, both the long and short-haired kind—that is to say, the noises, not the instruments. Caesar is making it very difficult for me to love either him or his Union when he issues an edict in the best manner of the late and unlamented Hitler or Mussolini—the same purporting to wipe out the two hundred-and-fifty-million-dollar recording industry, and the people it employs.

## Inclined To Aid In Battle

I certainly harbor no particular passion for the recording industry, but ever since Duane Petrillo forbade his musicians to make recordings after Dec. 31, then, in effect, destroying it, I have felt a marked urge to cuddle up to it and lend it aid and succor, particularly since the theory and basis of Brother P's dictatorial pronouncement is some of the most unmitigated nonsense I have ever encountered.

Uncle Caesar put forward the proposition that musicians must cease making recordings since canned or plattered music must eventually put them all out of business, adding that a man ought not work for an industry which by machinery and mass production tends to destroy his capacity for piece work and individual performance.

## Figures Belie This Brain-Whirl

The figures of growth of Petrillo's own Union would tend to being this brain-whirl. But, irrespective of that, it is the Union leader's line of reasoning which is so spurious and infuriating. On this basis it would behoove the butcher and grocer to shut up shop at once on the grounds that since all of us have a tendency to dig our own graves with our teeth, to sell us unlimited supplies of cereals and beef steak is to hurry us all to an untimely date with the mortician, thus removing ourselves from the market as customers. No customers, no business. That's bad, ain't it, Caesar?

## What Petrillo Desires

When I go out to dine, Petrillo wishes me to listen to the scraping and sawing of a live quintet of restaurant hacks, a band of noisemakers not good enough to perform in the higher brackets, instead of the soothing strains piped thither from a recording made by competent musicians who were paid for their labors. Rather than have my ears assailed by the squeaks, grunts, tootles and squeaks made by the band of feather-bedded musical bums I remain at home, or patronize another joint, thus helping to put the original eatery out of business. That's good, ain't it, Caesar?

I gather that after five lessons on the tuba, any one who can dig up the initiation fee and dues can join the Musicians' Union and thus come under the protection of Uncle Caesar and his weird ideas with regard to progress, but who is to protect us from the horrid noises emanating from the half-baked practitioners who form the bulk of Uncle's guild? There are too many bad musicians in a world that stands desperately in need of plumbers, carpenters, masons, and fellows who know how to fix your radio or icebox when it busts.

## Creates Much Opposition

As the result of recordings, when the Boston or Philadelphia Orchestras hit Carnegie Hall in New York, or a big name band is booked into the Paramount or Roxy, the customers tear down the doors in the rush to get their ears as close to the appointed compais as possible. But the boys are good. And only the good ones can get a job in a recording studio.

When Uncle Caesar proposes to wreck an industry that brings pleasure and entertainment to millions to protect a crew of income tax curli, in the back? Phasant feathers and lace cuffs will come later.

## One Man's Opinion

By Walter Kiernan

Moon Blue and Sun Gold are among the new shades for men. This is our answer to the "new look."

It also is predicted that we will wear hats "with a sharp upward curl" in the back. Phasant feathers and lace cuffs will come later.

In all probability knee breeches and the beard will return unless some future Peter the Great halts the trend.

Peter the Great was the Russian Czar who put a tax on beards. Much legislation has had to do with it but this was the first bill that had whiskers on it.

The day the law passed, Droschies were hub-cap deep in sideburns.

One Russian meeting another Russian said "Ivan . . . Your face is clean . . . What happened?" Ivan said "Ah yes . . . my beard was sold for taxes."

Fellow says, "How is your wife taking it?" He says, "terrible . . . Hers was sold, too."

## Words Of Wisdom

Refrain from covetousness, and thy estate shall prosper.—Plato.

French officials are limited to one automobile each. Might be worth trying in America—if some of us are ever to get the first auto.

The first boy of children born during the year entered school this year. The peace must seem some sort of wonder-ful.

## They Say

LOUISVILLE, Ky. — Judge W. Scott Miller, ordering distillery to ignore food conservation shutdown order: "The only way the government without law can impair a contract is during a national emergency. Contracts are sacred things."

PARIS — French Socialist Premier Ramadier, denying charges by Communist leader Jacques Duclos that the government plans to return the railroads to private ownership: "If you have no proof, Duclos, you must shut up."

LONDON — Conservative leader Winston Churchill: "It is not nature which has failed us. It is the government."

BERLIN — Gen. Lucius D. Clay: "I expect every American in the American military government to state his views as to communism and to what it leads."

TOKYO — William J. Sebald, U. S. chairman of the Allied Council for Japan, demanding the right to discuss repatriation of Japanese from Soviet areas of Asia: "If it cannot be discussed by the council, then I think we may as well all go home."

## Hints On Etiquette

For a buffet supper, it is best to confine the dishes to one main course, hot or cold, to which the guests can help themselves conveniently. Appetizers may be served with this course, with hot buttered rolls or biscuits, then, after this course is eaten, and the dishes removed, the dessert is brought in.

## Bible Thought

The liberal soul shall be made fat; and he that watereth shall be watered also himself.—Proverbs 11:25.

### SURPRISE SHOWER

#### FOR BEVERLY FOX

Miss Beverly Fox, bride-elect of November, was honored Wednesday evening in her home when 30 guests tendered her a surprise shower.

Various games were enjoyed with prizes awarded the winners and the honoree was the recipient of many lovely gifts.

Those who served a lunch at the close of the evening were Mrs. Ralph Mayers, Mrs. Robert Fox and Miss Jean Cramer.

Miss Fox, daughter of Mr. and Mrs. Glenn Fox of 811 East Washington street, has revealed plans for her wedding on November 6 when she will become the bride of Kenneth L. Stoner, son of Mr. and Mrs. Walter Stoner of the Youngstown road.

The open church wedding will take place in Epworth Methodist church at 7:30 p. m.

### DEGREE OF HONOR

#### BOARD ENTERTAINED

Degree of Honor executive board met in the home of Mrs. Huldah Doerr, 419 East Garfield avenue, Wednesday evening for a social time and business meeting. Plans were made for a special fund-raising project on November 14 in the I. O. O. F. hall.

Mrs. Anna Hawk, newly elected state secretary of the Degree of Honor, was presented with a lovely gift from the members.

Cards were in play later and prize winners were Mrs. Eva Nicholson and Mrs. May Earls.

In serving a lunch the hostess was aided by her co-hostess, Mrs. Agnes Fisher.

### HONOR FATHER ON

#### 79TH ANNIVERSARY

At the home of Mr. and Mrs. Julian Turk, of 711 Junior High street, a group of friends and neighbors gathered recently for a party. The occasion was in honor of Mrs. Turk's father, Samuel Cowperthwaite's seventy-ninth birthday anniversary.

A splendid dinner was served by the hostess, assisted by her sister, Mrs. Lynn C. Davenport of Sharon.

The honored guest was the recipient of many cards of greeting, and nice gifts. He is in good health.

#### HONORED BY CHURCH

Rev. and Mrs. Carl Hughes, missionaries to Colombia, S. A. and Rev. and Mrs. Eugene Evans, missionary appointees to Kansu, China, were honored Wednesday evening at a farewell party given in the East New Castle Grange Hall by members of the Ladies' Bible Class of the Castlewood Christian and Missionary Alliance church.

The informal program was opened with a song service led by Rev. Evans, followed by the showing of beautifully colored slides from South America by Rev. Hughes. During the course of the program, Mrs. Evans was presented with a corsage of money as a token of appreciation from the class. The presentation was made by Mrs. L. R. VanHorn, wife of the church pastor.

Concluding the service, was the serving of refreshments buffet style. At that time, both Mrs. Hughes and Mrs. Evans were honored with a handkerchief shower. The program and refreshment period were arranged by Mrs. Edward Bletz, president of the Bible class.

On November 19, Rev. and Mrs. Hughes and family, will enplane for Colombia, flying from Miami, Fla. They will join Rev. and Mrs. Frederick Smith, of this city, now serving in South America. On November 21, Rev. and Mrs. Evans will embark from San Francisco for their first term of service in China.

#### Massaro-Barber

Miss Josephine Massaro, daughter of Mr. and Mrs. Joseph Massaro, of 617 Etna street, became the bride of William J. Barber, son of Mr. and Mrs. Francis Barber, of West Washington street, extension, in the Italian Christian church on October 25 with Rev. F. A. Maruso officiating at the double ring ceremony.

The bride wore a wedding gown of white slipper satin trimmed at the neckline with bead embroidery. Her train length veil fell from a beaded crown and she carried a bouquet of 'mums and pompons.

Mrs. F. Barbella, serving as her sister's matron of honor, wore a gown of fuchsia taffeta, and carried a bouquet of yellow roses. Miss Phoebe Barber, sister of the groom, as maid of honor, wore a gown of French blue taffeta, and carried bouquet of red roses.

Frank Barbella served the groom as best man and Josh Massaro ushered.

Following the ceremony a dinner was served to 50 guests in the Casa Savoia hall where later there was a reception for 200 guests.

The newlyweds left on a wedding trip and upon their return Mr. and Mrs. Barber will take up residence at 74 South Lee avenue. Both are employed at the Shenango Pottery.

#### Loyal Leaders Class

## New England Is Still Facing Peril Of Fires

BOSTON, Oct. 30.—(INS)—Disappointed fire officials in three New England states issued new forest fire warnings today after real and artificial rain failed to end the danger.

Only in Vermont were the woods so wet down that Gov. Ernest W. Gibson lifted the ban on hunting and entry into the woods.

Less than a half inch of rain fell yesterday in Maine, New Hampshire and Massachusetts — the areas hardest hit by the drought.

This included the south-central New Hampshire district which was visited yesterday by two B-17 bombers from which Army-Navy General Electric scientists dropped 400 pounds of dry to superinduce rain.

**To Conserve Electricity**  
In Maine, the Presque Isle Chamber of Commerce voted to go back on daylight saving time to conserve electric power, reduced by drought. What little rain fell skipped Aroostook County where a sixty million bushel potato crop is threatened.

Mt. Desert Island, Me., remained under military guard with a 6 p. m. curfew, although 500 more evacuees were allowed to return from the mainland.

Fire officials said that although the fire near Peterborough, N. H., now is under control the forest fire peril has not ended. Fires are merely easier to control.

The scientific "operation cirrus" dropped dry ice from a point southeast of Montpelier, Vt., to near Concord, N. H., then flew east about 30 miles north of Laconia, N. H., and southwest to Peterborough. Matter-of-fact New Englanders remarked tersely that "it rained all over" when told about the dry ice experiment.

They were just a little skeptical because it rained where the rainplanes went—and also where they didn't.

**KEEP TRACK OF MILEAGE**  
Police who operate city cruisers keep a check of mileage. There are three turns and the driver on each turn, turns in the mileage and gas used daily.

## Chicago Boy Is Found Murdered

Missing Lonnie Fellick, 7, Found  
Crushed By Slab Of Concrete, Hunt Slayer

CHICAGO, Oct. 30.—(INS)—Chicago police sought a stuttering sex offender today as the chief suspect in the murder of 7-year-old Lonnie Fellick, whose battered body was discovered in a suburban Maywood Forest Preserve.

A description of the man, who attacked a 6-year-old boy near the Fellick home Tuesday night, was relayed to every Chicago police district.

Mail Carrier Peter Karr, 58, discovered Lonnie's body in the Forest Preserve yesterday while he was walking in the woods on his day off.

The boy, who had been missing from his home since Oct. 18, had been slain with a slab of broken cement sidewalk. The slab was four inches thick and eight inches wide.

Coroner A. L. Brodie said the body was covered with bruises and one side of the head was crushed, apparently with the slab of cement. Lonnie's body was identified through dental characteristics and clothing by two stepbrothers, Robert Shaffer, 22, and Richard Shaffer, 20.

Lonnie's mother, Mrs. Mary Fellick, 40, told police she feared he had run away from home because of a possible eviction of the family would have compelled her to place him in a foster home.

Mrs. Fellick said Lonnie had threatened to run away if he was separated from her.

## Further YMCA School Plans Tuesday Night

Ministers, School Leaders Confer  
With 'Y' Staffers On Hi-Y Movement

Y. M. C. A.-school relationships were strengthened Tuesday evening as "Y." staff members met with ministers and educators of the county in a dinner session at the central branch.

Speaker of the evening was Robert G. Traugh, executive secretary of the central west district, a veteran of 27 years in Y. M. C. A. work. Mr. Traugh sketched the state-wide picture of the Hi-Y movement in school systems and encouraged its growth in this county. He pointed out that the Hi-Y, Junior Hi-Y, and Gra-Y clubs are important organizations in our schools and must be fostered.

**To Spur Movement**  
It was unanimously agreed to spur the movement locally and install the clubs in schools lacking in this phase of youth work at the

present time. A better understanding of the aims of "Y." work and a cemented relationship between the system and the association was evident following the meeting.

The following were present: Dr. G. S. Bennett, Dr. R. A. Galbreath, Rev. James Rainey, Rev. J. A. Gaiser, Dr. D. L. Ferguson, Miss Nannie Mitchell, George Washington principal; Fred Leslie, assistant principal; senior high; Gerald E. Nord, principal Ben Franklin; William Wallace, also of Ben Franklin; Joseph A. Hartman, Arthur Magill-Highland avenue principal; Peter Griddle, Lincoln-Garfield-Pollock avenue principal; Mrs. Emma Richards of Thaddeus Stevens; Robert Cowher and Charles Perz of Union township school; William Schmidt, Mahoningtown; Jack Dunlap of Shenington; township; Stewart Jones, John Thompson, Harold Pears and David Gatrall of the Y. M. C. A.

The Egyptian sycamore tree, supposed to be the sycamore of the Bible, is a large spreading tree often planted for shade in Egypt and western Asia, where it is abundant in forests. The figs are top-shaped and grow in clusters on the trunk and oldest branches. They are sweet, well-flavored, and somewhat aromatic.

## Food Committee Has Been Picked

HARRISBURG, Oct. 30.—(INS)

Secretary of the Commonwealth C. M. Morrison planned to announce today his food conservation committee to cooperate with the federal air-to-Europe plan.

Morrison declined to disclose the size of the group because some members had not accepted appointments definitely. State Agriculture Secretary Miles Horst's appointment has been reported.

Morrison was asked to set up the promotion body two weeks ago by Gov. James H. Duff following an appeal from President Truman for Pennsylvania's support of food conservation.

## FORMER RESIDENT DIES SUDDENLY

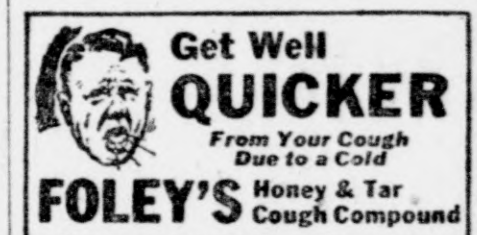

Word has been received here of the death and burial of Mrs. Walter Hoag, of Greenwich, Ohio, former resident of this city, who died following a stroke on October 21. Born in New Castle, in 1886, she moved from this city several years ago to make her home in Greenwich.

The deceased is survived by her husband, Walter Hoag, and two

sons, Merritt Hoag of Daglonega, Ga., and Francis Hoag of Sandusky, Ohio.

"Biscuit" is a French word which signifies twice cooked, the word

having originally been applied to thin, flat bread, for the use of travelers and soldiers, which was baked a second time to increase its keeping quality by expelling practically all moisture.

### Plan Funeral Of Former First Lady, Cleveland's Widow

Mrs. Thomas J. Preston Jr., 83,  
Widow Of Grover Cleveland,  
Dies In Baltimore

BALTIMORE, Oct. 30.—(INS)—The family of Mrs. Thomas J. Preston Jr., 83, widow of President Grover Cleveland, said today that simple funeral services will be held for the former first lady tomorrow at Princeton, N. J.

House ceremony in 1886, died yesterday at the home of her son, Richard F. Cleveland, Baltimore attorney, whom she was visiting.

Death was attributed to a heart attack.

Besides her husband, Mrs. Preston is survived by two sons, Richard and Francis G. Cleveland, and two daughters, Mrs. W. S. B. Bosanquet and Mrs. John H. Amen. A daughter of Oscar Folsom, once a law partner of Cleveland in Buffalo, N. Y., Mrs. Preston was born in Buffalo July 21, 1864.

**Historic Function**  
Her romance with Cleveland began long after he had become prominent in public life and her marriage to him was marked by one of the executive mansion's most historic social functions.

When the president's second

term of office ended in 1897, the Clevelands established a home in Princeton. Cleveland died 11 years later, and in 1913 his widow was married to Preston.

Mrs. Preston retained her interest in national affairs and entertained President Truman when he visited Princeton last summer. She is recalled by "old-timers" in society as one of the most beautiful of all American first ladies and her charm as a hostess is legendary.

### RESCUE TWO IN FIRE

PITTSBURGH, Oct. 30.—(INS)—Mrs. Nettie Metz, 67, and her son Stanley, were rescued by firemen early today when a two-alarm fire swept through their home in Pittsburgh.

## ROSE STONE WEDS

### JOSEPH TEMPERATO

Before an embanked altar of ferns and flowers in St. Vitus church, Miss Rose Stone, daughter of Mr. and Mrs. Carmen Stone, 224 North Cascade street, became the bride of Joseph Temperato, son of Mrs. Antoinette Temperato, 617 Spruce street, on Saturday, October 25.

Rev. Fr. Nicholas DeMita officiated at the double ring ceremony in the presence of many friends and relatives.

Given in marriage by her father, the bride was charming in a white satin colonial gown, with a hoop skirt and flounces caught at edges with seed pearls. Her fingertip veil fell from an orange blossom crown, and she carried a bouquet of white roses, centered with an orchid. A gold cross, a gift from the bridegroom, was her only jewelry.

Miss Jennie Domiano, cousin of the bride, as maid of honor wore a yellow taffeta gown, off-shoulder effect and bustle. She carried talisman roses. Bridesmaids, Lucille Stone, Clara Domiano, Marian Paris and Mary Venasco, wore aqua gowns and carried yellow roses. Little Armafine Mitto as junior bridesmaid, wore an aqua gown and carried yellow roses.

Nick Lombardo served as best man and ushers were Sim Richards, Edward Jacobs, Patsy DeMarco and Angelo Caliera.

Supplementing the ceremony, a wedding breakfast was served at the bridegroom's home. About 400 attended the reception in King Humbert hall later in the evening.

Mr. and Mrs. Temperato departed on a motor wedding trip to New York and upon their return will reside at 617 Spruce street.

Both are employees of the She-nango Bottery company. Mr. Temperato is a discharged veteran, having served three years in the U. S. army.

## EVENING SHOWER ON SILVER ANNIVERSARY

Mr. and Mrs. Frank Nicholson of 706 Cumberland avenue were agreeably surprised when a group of friends and relatives called at their home on the evening of October 25 to help celebrate their twenty-fifth wedding anniversary.

Seventy guests enjoyed an evening of games and music and the hosts were showered with many lovely gifts appropriate to the occasion. There were a number of out of town guests present.

A buffet lunch was served by the Nicholson's daughters, Mrs. Melvin Angleton and Mrs. Betty Gresh, aided by Mrs. Jesse Ackworth, Mrs. William Fessler and Mrs. Lillian Davis.

### Halloween Party

Mr. and Mrs. Joseph Ritchie of Canyon street, were recent hosts at a Halloween party, held at their home.

Prizes for costumes were awarded to Angelina and Adeline DeLorenzo, Betty Colangelo, and Thelma Ritchie. Games were played afterwards.

A dainty lunch was served by the hostess, her daughter, Celeste, aided by Evelyn Fair and Mrs. Thomas Fair.

## BREST-GIERING

### VOWS PLEDGED

Miss Sarah E. Brest, daughter of Mr. and Mrs. Albert Brest of R. D. 2, Harbor street, became the bride of Merl E. Giering, son of Mr. and Mrs. Elmer L. Giering of 10 West Moody avenue, at a double ring ceremony performed in the Second U. P. church at 2:30 o'clock October 25. Rev. J. Calvin Rose officiated in the presence of the immediate families and a few friends.

The bride wore a gray gabardine suit with matching gray half-hat trimmed with turquoise-colored sequins, and her flowers were a corsage of gardenias and yellow roses.

Mrs. Findley Sankey, who attended the bride, wore an aqua suit and a black half-hat trimmed with aqua feathers, and a corsage of pink roses and white gardenias. James Davison served the groom as best man.

Following the ceremony a wedding dinner was served at a downtown restaurant to the bridal party and guests, with a reception afterwards in the home of the groom's parents.

Mr. and Mrs. Giering left on a wedding trip to Washington, D. C., by plane.

## COHEN LANDSMAN

### NUPTIALS HERE

Beneath a canopy of palms and evergreens, Miss Dorothy Jean Cohen, daughter of Mr. and Mrs. Sol J. Cohen, of Meadville, and Elliott I. Landsman, son of Mr. and Mrs. Sol Landsman, of Rochester, N. Y., were married on October 26 at 5 p. m. in Tifereth Israel synagogue here. Rabbi Hyman Krash officiated at the single ring ceremony.

The bride, given in marriage by her father, wore a gown of white slipper satin with an illusion neckline below which fell a wide collar trimmed with cutwork embroidery. Her fingertip illusion veil fell from a crown of seed pearls in the same design as trimmed her gown. She carried a white orchid on a white Bible and wore a single strand of seed pearls.

Miss Paula Levine, of this city, as maid of honor, wore an aqua crepe gown with matching mitts and carried yellow tea roses and wore a tiara of the same roses in her hair.

Ted Landsman, brother of the groom, was best man and ushers were Harry Cohen, brother of the bride, and Max and Sam Landsman, brothers of the groom.

Preceding the ceremony, Mrs. George D. Strehler, accompanied by Mrs. Edward F. Brown, sang "Because" "Ich Lieber Dich" and "With This Ring I Thee Wed."

Immediately following the ceremony a dinner was served to the bridal party, the families, and friends at the synagogue. In the evening there was a reception in the home of the bride's grandmother, Mrs. Bessie Cohen, 211 East Edison avenue.

On their return from a southern wedding trip, Mr. and Mrs. Landsman will be at home at 950 Bay street, Rochester, N. Y.

## N. C. NURSES

### ALUMNAE MEET

At the October business and social meeting of the New Castle Hospital Alumnae in the nurses home Tuesday evening, nurses of the September graduating class were welcomed into the alumnae.

Sister Lawrence Mary, director of nurses, gave an interesting report in the recent state nurses convention in Philadelphia.

During business, Miss Jean Mer-shimer, president, announced the appointment of a committee to make plans for the association's silver jubilee celebration on November 25. Those on the committee are Mrs. Elizabeth Dunlap, Mrs. Frances Dinsmore, Miss Veronica Fratz, Mrs. Elizabeth Doran, and Sister Mary Annunziata. They will meet Friday evening at eight o'clock.

There was also discussion of revision of the by-laws and a committee to propose revisions appointed.

Refreshments were served during the social period.

## HARVEST MEETING

### OF BIBLE CLASS

Twentieth Century Bible class of the First Presbyterian church gathered for its harvest meeting in the church parlors Tuesday evening. Devotionals on the theme "Courage" were in charge of Mrs. W. G. Forrester.

Mrs. George E. MacMillan presided over an extended business meeting during which the class decided to sew for the Save the Children Federation at the church on Wednesday.

A number of Donation Day contributions for Almira Home were taken to the meeting.

Social program was in charge of Mrs. A. A. Webb.

Delicious refreshments in keeping with the Halloween season were served by Mrs. Ira Ramsey, Mrs. Thomas Smith, Mrs. George White, Mrs. Leroy Taylor, Mrs. Edwin Porter, Mrs. Charles Knox and Mrs. Nora Morris.

## HIGHLAND YOUTH

### HAVE HOBBO PARTY

Members of the Pioneer society of Highland U. P. church gathered Tuesday evening in the church basement, where they enjoyed a hobo party. This is the first social event the group has had since its reorganization this fall.

Various games were pastimes of the evening. Later a tempting lunch was served.

Committees responsible for the successful event follow: decorations, Jean Ann Davis, Kitty Dickson, Marsha Nord and Harriet Miller; refreshments, Mrs. George Johnston, Gretchen Mackey, Betty Higgins and Mary Jane Lewis; and games, Ronald Meek, Robert Ferguson and Jimmy McIlvenny.

Mrs. Lloyd McCormick and Mrs. Russell Tait are sponsors of the Pioneer society.

## DINNER FOR CLASS

### ON ANNIVERSARY

Friendly Couples class of Central Presbyterian church observed the tenth anniversary of its organization Tuesday evening with a dinner at a suburban dining room. Dinner was served at 7 o'clock.

Election of officers marked the business meeting and those elected were: president, Arthur Pierce; vice president, Clair Jameson; secretary, Mrs. J. C. Davidson; treasurer, Paul Shaw; reporter, Mrs. William Westlake.

During business earlier, with Alfred Kegarse presiding, an outline of the history of the class for the past ten years was given by Mrs. Margaret McConnell.

Out of town guests were Mr. and Mrs. Gill Brown of Mt. Lebanon. Mr. Brown is the former teacher of the class. Dr. Robert Meade Patterson and Mr. Brown both spoke briefly.

For the November meeting, Mr. and Mrs. Clare Kelso, Mr. and Mrs. Paul Shaw, Mr. and Mrs. Alfred Kegarse and Mr. and Mrs. Harry Hasley will be hosts.

### Birthday Surprise

As a birthday surprise for Homer J. Houck, of East New Castle, a group of 20 friends gathered on a recent evening in the home of Mr. and Mrs. Mont Boulden, Castlewood.

Reminiscence and games were the pastimes of the evening and Mr. Houck received a number of birthday remembrances.

Halloween decorations were carried out in the appointments for a lunch served by Mrs. William Houck.

## HONOR SCHOOL MATES

### AT HALLOWEEN EVENT

Robert Minner, 741 Croton avenue, entertained the 26 members of the sixth grade of the Croton school in his home Tuesday evening at a Halloween masquerade party. Each attendant came masked and entered the home which was illuminated by lighted pumpkins and candles, presenting a traditional Halloween setting as the orange and black crepe paper decorations gently moved with air.

Games were enjoyed by the group, with Pete Eckley and Donald Apcealla being adjudged the winners of the contests. Lunch was served by the host's mother, Mrs. William Minner, aided by her daughters, Mrs. Edna Dages, Mrs. Margaret Daut, Miss Ruth Minner and Mrs. Frank Dush.

## ELTEKON CLASS

### MASKS FOR PARTY

Eltekon class of the First Methodist church was delightfully entertained at a masquerade party Tuesday evening at the cottage of Mr. and Mrs. Charles Goodman. McConnell's Mills. Mr. and Mrs. Ray Putnam were joint hosts. Devotions were conducted by Rev. James A. Gaiser.

Various games were directed by the hosts. Later a seasonal lunch was served.

Mr. and Mrs. Thomas Salisbury of Wilmington avenue will entertain in their home Tuesday evening, November 25, when Mr. and Mrs. Lynn Holsapfel will be co-hosts.

## GIRL SCOUT LEADERS

### ENJOY MASQUERADE

Girl Scout Leaders association of Lawrence county held their monthly meeting Tuesday evening in the form of a masquerade party at the lodge of the Boy Scout camp on the Slippery Rock creek.

Halloween decorations gave the room an eerie appearance as the masked guests entered attired in Halloween costumes of all sizes, shapes and description. For their unusual costumes prizes were awarded to Mrs. Ellen Walters, Mrs. Everett Perkins and Mrs. Alice Daugherty.

Games and contests were enjoyed and were followed by a tasty luncheon served buffet style from a table prettily decorated in the halloween motif, adding much to the most successful event.

## THE HOLLOWEEN MOTIF, ADDING MUCH TO THE MOST SUCCESSFUL EVENT.

Committees aiding in the happy occasion were: decorations, Mrs. Ruth Gibson, Mrs. Ann Litvinovich, refreshments, Mrs. Marjorie Wine, Mrs. Marge McDermott and Mrs. Hazel Davis; entertainment, Mrs. Jane Leubin and Miss Alice Welther.

The leaders Workshop will take place on Tuesday evening, Nov. 11, at 7:30, while the next regular meeting of the group will be held on Tuesday, Nov. 25, at 7:30 p. m., with both meetings at the Scout office.

I. O. U. Club To Meet  
I. O. U. club will meet with Mrs. Elizabeth Miller, Sampson street, on Friday evening.

## PANTHERETTE CLUB

### MASQUERADE PARTY

Annual halloween party of the Pantherette club, held Tuesday evening in the club rooms, proved a huge success, and the activities started with a mock wedding.

Those participating were: Mrs. Nick Ambrose, Mrs. Dan DeCarlo, Mrs. Anthony Fuleno, Mrs. Ted DeCarlo, Mrs. Joseph Panella, Mrs. John DeCarlo, Mrs. Paul Domenick, Mrs. Albert Barletta, Mrs. ing.

## Anthony Sacco, Mrs. James

Mooney, Mrs. Andrew Marapese, Mrs. Frank Macchia, Mrs. William Cubellis and Mrs. Anthony Ambrose.

A sausage dinner was served, with Mrs. A. J. Capezio in charge, aided by Mrs. A. C. Ricciardi, and Mrs. Robert Palus. Dancing and a cake walk was featured. The birthday of Mrs. James Fuleno was honored by her secret pal. November 11, is the next meeting.

### Butler Attorney Will Be 100 Years Old On Saturday

W. D. Brandon Cast First Vote  
For Grant In 1868. Hopes  
To Vote Tuesday

BUTLER, Pa., Oct. 30.—(INS)—W. D. Brandon, who cast his first vote for Ulysses S. Grant back in 1868, will go to the polls next Tuesday and then return to his desk in his law office in Butler.

Brandon, believed to be the oldest practicing attorney in the United States, celebrates his 100th birthday Saturday. But, he says, the celebration will amount to little more than his regular trip to the law office.

There will be, however, the task of attending the monthly meeting of the board of directors of the Butler Savings & Trust Co., on which he has served more than 60 years.

Brandon has a sister, 93, and a brother, 90, still living. Another brother died at the age of 95.

### O'LEARY FUNERAL SET FOR MONDAY

PITTSBURGH, Oct. 30.—(INS)—Funeral services will be held in Pittsburgh Monday for John J. O'Leary, international vice president of the United Mine Workers of America, who died Monday in San Francisco, Cal.

Interment will be in Calvary cemetery.

UMW President John L. Lewis is expected to be released from a hospital in San Francisco in time to attend the funeral. He has been undergoing a physical checkup. O'Leary's body arrived in Pittsburgh last night.

### Less-Than-Carload Freight Shipments Banned By Rails

Three Major Railroads At Pittsburgh Announce Ban Effective Last Midnight

PITTSBURGH, Oct. 30.—(INS)—Pittsburgh's three major railroads announced today that all freight shipments of less-than-carload size were halted at midnight last night.

A spokesman for the railroads said the five-day week in business and industry was the principal reason for the restrictions. He pointed out that because of shippers' week-end shutdowns, the railroads are unable to deliver and pick up freight on Saturdays and Sundays.

As a result, the spokesman said, freight warehouses are jammed with freight. In addition, the ban affects Beaver Falls, Butler, Washington and Latrobe.

### September Tax Returns Lower

However Returns For First Three Months Of New Fiscal Year Are Much Higher

WASHINGTON, Oct. 30.—(INS)—The bureau of internal revenue reported today that federal tax receipts for September declined 121 million 130 thousand dollars below the year-ago level.

Receipts dropped from three billion 611 million 31 thousand dollars in September 1946 to three billion 489 million 901 thousand the same month this year.

Higher Three Months  
However, receipts for the first three months of the current fiscal year beginning July 1 rose ninety two million 990 thousand dollars above the same period last year when only eight billion 923 million 457 thousand dollars was collected.

September excess profit taxes, corporation income and individual income taxes dropped 202 million 683 thousand dollars under the same month in 1946, but in the first quarter of fiscal 1947 rose two million 860 thousand over the same quarter of fiscal 1947.

Liquor receipts were down for both periods, the same being true of retailers' excise taxes. Tobacco tax collections rose both monthly and quarterly, as did manufacturers' excise and employment taxes.

### Raisins Sent To Starving Europe

FRESNO, Cal., Oct. 30.—(INS)—Raisins and other California dried fruits were added today to the list of "ammunition" in the nation's "cold war" against the spread of communism in western Europe.

The role of raisins was underscored by Fresno civic leaders as they prepared to collect two carloads of dried fruits to be attached to the "friendship train" soon to start across the nation collecting food for Europe.

And just so the Russians can't claim the raisins as coming from some mythical vineyards within the Kremlin, each package is going to be stamped with stickers printed in several languages emphasizing the contents as a gift from American farmers.

## Kiwanis Members Hear Hartman On Kiwanis Key Clubs

President Of Local Club Tells Of Organization Of Junior Service Organizations

Kiwanis members heard an interesting talk by President Joseph A. Hartman on "Key Clubs, and their organization", at their meeting in The Castleton, Wednesday noon.

Mr. Hartman gave a report on the discussion of Key Clubs, which was one of the interesting subjects dealt with at the district convention in Pittsburgh, which was attended by President Hartman, along with other delegates.

Key clubs are organized in the Junior and Senior high schools, and function along the same lines as the adult Kiwanis Clubs, having the same officers, functions, and activities.

In addition to giving service to their fellow students, school officials and community, the clubs develop leadership, which is badly needed in all kinds of community endeavor.

It is proposed to bring the matter to the attention of the members in greater detail, with the idea of establishing such a club here at some later date.

With Kenneth Hemer, chairman of the educational committee presiding, three new members were formally inducted into the club. They included John W. Cartwright, Russell Forney, and Rev. D. Lawrence Ferguson.

Plans were made by the club to attend the anniversary celebration of the Ellwood City Kiwanis club, sponsored by the local club on their organization twenty-five years ago, which promises to be an outstanding event.

November 12 will be the anniversary night of the local club, when Ladies Night will be observed with a dinner and program at Westfield Grange.

Production per farm worker in 1946 was almost twice the average for the period 1910-14, according to the Bureau of Agricultural Economics.

### SERVING DINNER WITHOUT SERVANT

"Answer these for me please:

(1) May a visitor be called upon to say grace at the dinner table? (2) Where should my set of shelves (containing fresh dishes and room for used dishes) be placed in my dining room during dinner? (3) Must plates always be passed to the left, even when there is no maid to serve? (4) What is the rule for passing plates? Who gets the first one, etc. (5) If the host carves and serves the meat, when does he serve the hostess? (6) Where are guests-of-honor seated? (7) Is it permissible for the host to serve the meat and the hostess to serve the vegetables?"

Answer: (1) If the visitor is a clergyman, yes.

(2) By your side, since you, as hostess, will do the serving. Most people do not have these sets of shelves.

(3) Those for guests on the left, yes. Those for guests on the right should be passed to the right.

(4) The person farthest from the one doing the serving. If there is no servant to carry the plates around, guests will have to pass them.

(5) After he served the guests and before he serves himself.

(6) The woman guest of honor should be seated to the host's right. The man guest of honor to the hostess' right.

(7) If the carving is done in the kitchen and the hostess serves vegetables at the table, there will be less confusion than there would be passing plates from host (who serves meat) down to the hostess to serve vegetables. Better still, the hostess, at a servantless meal, may do all serving in the kitchen and bring in platters already prepared.

Present your problems to Miss Markel who will promptly mail personal replies to questions from readers inclosing stamped, self-addressed envelopes.

act, every effort was made to give autonomous powers to the eight divisional boards, which are similar in composition to the national board. Each divisional board is responsible for spending up to \$200,000,000 for opening new pits and modernizing old ones.

There is still a lot of trial and error in this extraordinary experiment involving some 700,000 workers and hundreds of millions of dollars in property. Many of the new brickbats are aimed at the minister of fuel and power. But the minister's powers are extremely limited. Members of the coal board have five-year contracts and they cannot be fired short of some improbable public misconduct.

The new fuel minister is Hugh Gaitskell. He replaced Emanuel Shinwell, an old-time labor party spellbinder who was demoted when Prime Minister Attlee reshuffled his government just prior to the present session of parliament.

Gaitskell was a teacher of economics at Oxford university before he was drafted into labor party politics. He is typical of the youngish experts who have risen to power in the party. They are expert managers first and political socialists second. Gaitskell will

## Beware Coughs Following Flu

After the flu is over and gone, the cough that follows may develop into chronic bronchitis if neglected. Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

certainly avoid Shinwell's blunders. On coal he must decide over-all policy "in the national interest."

Hyndley and Gaitskell are utterly different in almost every respect. But in working together they have one thing in common, and that is a supreme desire to get coal and more coal, for they both understand that coal is the lifeblood of Britain's economy. ## THE PARENT PROBLEM

(Continued from Page Four)

and I published in School and Society a research in which we found that in learning to type constant emphasis on accuracy in practice resulted after several months in more accuracy and speed than did emphasis on speed during practice. Another study by Sturt

of England, published a few months later in the British journal of Psychology arrived at the same conclusion.

Both these researches seem to have been wholly ignored by many teachers of typing. Although most teachers of typing will tell you they put chief emphasis on accuracy (and believe they do) their students usually suppose they must be worried most about speed.

Natural To Hurry

It's just natural for a student to

hurry, whether he is learning to type, add, subtract, multiply or divide. The big problem for the teacher is to get the learner to work more carefully, to keep his attention off speed and center it solely on accuracy. Get accuracy first and speed will inevitably follow.

If you are a student in typing you will be smart to ignore all suggestion of speed and make your one goal accuracy. Then speed will

come and as it comes it will grow in momentum as you have more practice at accurate performance.

## Juncos Frolic In Woods; Wintertime Approaching

Last week the woods were silent of bird life, with the exception of the noisy bluejays that were making life miserable for the fox squirrels feeding on acorns.

But then one morning, the woods had new visitors in the form of the Juncos. These slate-colored, ground-loving birds, moved in a large flock and made the morning cheerful with their calls and short flights.

**Busy Early In Day**  
The early sun had not chased away the thick fog when the Juncos were busy working away the oak leaves that thickly covered the ground. The birds were hunting eggs of insects that adhered tight to the dead leaves.

It was amusing to watch the quick birds who would find the dead leaves that were covered with the eggs. The lucky bird would then utter an exciting call that brought forth other birds to the spot. They came so fast that the air caused by the flurry of their wings, sent the leaves up in a spiral whirl.

Then after the leaves had settled on the ground, the birds managed to shove the leaves about with their breast and feet, hunting for more eggs.

**Not All Playful**  
Not all of the birds from this flock of Juncos, were busily engaged in searching for food. Some were in a playful mood, winging up from the ground to a considerable height. Others were winging around in circles spreading their tails so that the two white feathers on each side, expanded, and when showered by the sun's rays, caused a brilliant reflection on their tail. This joyful, frolicking of the Juncos among the leaves that blanketed the ground did not last too long, for five crows that flew to an oak tree above the Juncos, sent them off in haste by their rancorous cawings. The noise was so harsh and raw, that a chipmunk, reclining on a rail fence to the left of the tree, disappeared so fast, that the stripes on its back, seemed blurred into a streak.

According to Owen Penfield

Fox, city forester, the Junco is a bird that likes cold weather, and it always spends the winter, where it is cold. They usually travel in flocks of 50 to 100 birds. The birds are seed eaters and during their stay here, range over the field in the winter time, searching for food. The birds are credited with having consumed tons and tons of injurious wild seeds—the headache of every farmer.

The Juncos usually arrive about November 1, and stay until April 1, and then they go back to their mountain home, where they brood their young.

When the snow is on the ground, during the heart of the cold winter, one can always find a Junco in the back yard, hunting for scraps of bread. Or they may be found in the fields, accompanying the black-capped chickadee, also a winter bird and an eater of insect eggs. Mr. Fox stated that if we had more chickadees, the bag worm, would be a far less pest, and its annoying appearance would even become extinct.

## Russians Seize German Youths

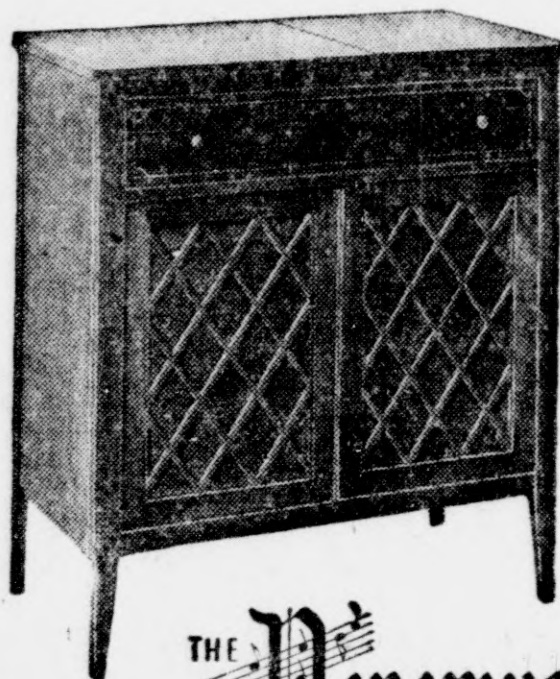

Report 2,000 German Youths Have Disappeared in Russian Zone, Protests In Vain

BERLIN, Oct. 30.—(INS)—The British-licensed D.P.D. news agency reported today from Cologne that Catholic bishops have again protested to Allied authorities on the increasing number of arrests of Germans in the Russian zone.

The bishops charged that 2,000 youths—500 of whom were under 15 years of age—have recently vanished.

They furnished the names of 1,200 of the youths. The clergymen also charged that German prisoners-of-war making their way home from England and the United States have been seized and shipped to the Russian zone. Russian authorities, the report said, have refused to offer any explanation for the arbitrary arrests. Mothers of young men who have disappeared have been threatened with arrest also if they complain, the bishops said.

## Producer And Movie Director Cited For Contempt

WASHINGTON, Oct. 30.—(INS)—The House Un-American Activities committee on Wednesday cited the producer and the director of the current movie hit "Crossfire" for contempt of congress following their refusal to state whether they are Communists.

Both the producer, Adrian Scott, and the director, Edward Dmytryk, were ordered to leave the witness stand when they asserted the question as to Communist affiliation violated their rights as citizens.

The committee's action brought to nine the number of contempt citations issued against "hostile" witnesses in the probe of Hollywood Communism.

Others accused of contempt by the committee are Samuel Ornitz, Herbert J. Biberman, Dalton Trumbo, John Howard Lawson, Alvah Bessie, and Alfred Maltz, all high-paid personalities.

## Sees Arctic Playing Big Part Next War

RIVERSIDE Cal., Oct. 30.—(INS)—Arctic Explorer Sir Hubert Wilkins predicted that "if war comes the Arctic surely will be involved."

The 58-year-old veteran of 15 expeditions to the North Pole said: "We must class the Arctic as a prime requirement in our national defense pattern. Most people fail to realize the Arctic ocean is frozen solid in the winter, forming a natural transportation bridge between the Eurasian (Siberia and Asia) continent and North America."

## Do You Like To CRUMPLE FENDERS?

If you do, this is an easy stunt: just turn right from the left lane. You'll probably hear swearing and the screech of brakes. Try it at high speed on the highway and you'll be the death-of-the-party.

But if you want to be a safe driver, turn from the correct lane and signal first. That's the courteous thing to do. We like to discuss automobile insurance with courteous drivers because they are the careful drivers. May we talk to you?

## College Leaders Are Gathering For Penn State Sessions

STATE COLLEGE, Pa., Oct. 30.—(INS)—The Pennsylvania Association of Colleges and Universities opens its two-day annual meeting at Pennsylvania State College today with approximately 65 leading educators in attendance.

Robert L. Johnson, president of Temple University, will preside at the business meeting tomorrow when officers will be elected, it was announced.

James Millholland, of Pittsburgh, acting president of Penn State will welcome the visitors at the annual dinner meeting tomorrow night. Other speakers included William G. Avirett, education editor of the New York Herald-Tribune, and Howard C. Petersen, executive vice president of the Fidelity Philadelphia Trust Co. and formerly assistant secretary of war.

## Praises State For School Teeth Care

PITTSBURGH, Oct. 30.—(INS)—Pennsylvania's law requiring compulsory examination of school children's teeth is one of the best in the nation, Dr. Harold Hillenbrand, of Chicago, told members of Odontological Society's convention in Pittsburgh.

Hillenbrand said World War II added much in the way of educating the younger people in the care of the teeth. They have learned that it is easier to take preventive measures than curative measures in treating teeth.

### State Colleges And School Will Share Surplus Materiel

HARRISBURG, Oct. 30.—(INS)—Pennsylvania schools and colleges were in line today to share \$3,240,000 of surplus electronics equipment purchased from the

War Assets Administration for \$2430.

Col. David R. Stinson, commander of the Middletown Air Materiel area at Olmsted Field near Harrisburg, said Pennsylvania had bought 27 of the 200 carloads offered to states in Dayton, O., at \$90 each. The materiel was valued at \$24,000,000 he added.

The equipment included aircraft radio transmitters and receivers, radar sets, telegraph and tele-

phone units and replacement parts.

Stinson said the nation would reap a return on the bargain. "The training our schools will be able to give with the equipment will provide the nation with future technicians well grounded in the fundamentals of electronics," he asserted.

The delegation representing Pennsylvania was headed by L. W. Hobough, of Harrisburg, representing the State department of public instruction.

### Court House

## Sleep Disturbed By Loud Noises

Fulton Street Citizens Ask Duntile Company Be Made Move Machinery From District

### OTHER HAPPENINGS IN COURT HOUSE

In an equity filed by residents of Fulton street, the court is asked to order the Duntile company to move its machinery from the district, and thus obviate noise early in the morning and late at night.

The complaint is filed by Frank Gernick, William Koszela, Katherine Hermann, John Christianakis, Frank Davicki, John Skuta, Demetrius Kokinakis, and John J. Nycz and is filed against J. Roy Snyder and C. A. Anderson, operating as the New Castle Duntile company.

In the complaint the plaintiffs set out that the defendants operate a contracting business at the foot of Fulton street and use "loud, clanging and buzzing machinery from early in the morning until late at night. They also set out that the use of the machinery sets up dust clouds that fall upon their homes.

They ask the court to order the company to move its machinery and equipment away from the spot, and to order them to desist showering their homes with dust and dirt particles.

### "JIM" FRISBEE

It was with real sorrow that the court house attaches learned of the death of Deputy Sheriff James Frisbee on Wednesday night. Jim was a conscientious officer who was on the job and did his job well. His health had not been good for several years and for the past several days he had been at home.

He was a courteous public official who always found time to help when it was asked. He will be missed in the staff of Sheriff Frank L. Coen.

## Wisconsin Co-Eds Protest Eviction Because Of Negro

Madison Landlords Act After White Girl Allows Negro To Escort Her Home

MADISON, Wis., Oct. 30.—(INS)—Two University of Wisconsin co-eds charged today they were evicted from their rooming house because one of them allowed a Negro student at the university to escort her home from a party last Saturday night.

Iris Alexander, a junior, of 320 W. 9th street, New York, said she was given notice by her landlords yesterday that she no longer could stay at a private rooming house in Madison.

Miss Alexander is chairman of the social relations committee of the university governing board.

**Eviction Confirmed**  
The rooming house owners, Mr. and Mrs. Arthur H. Rupa, confirmed Miss Alexander's report and added:

"Yes, and we've evicted Constance Felton, a senior, of 1623 E. 28th street, Brooklyn, too for sympathizing with Miss Alexander. This is our home. We don't want to go into a Negro's home and we don't expect them to enter ours."

The Rupas said they have no religious prejudices but stated: "A private home is no place for inter-mixing."

Miss Alexander denied the Negro student had entered the Rupa home and asserted she had placed the matter before the student board. She said she and Miss Felton had found shelter with friends.

The dean of women at the university, Mrs. Louise Troxell, declared she has taken no action, since she has not yet investigated the matter.

## Labor Relations Board Of State To Make Decision

Precedent Setting Decision On Secondary Boycotts Is To Be Made Soon

HARRISBURG, Oct. 30.—(INS)—The Pennsylvania Labor Relations board will define secondary

boycotts in a precedent setting decision to be rendered within a week in a test of the new act outlawing such labor practices.

The decision, to be handed down in a case involving the imperial hotel and cafe, Chester, will embrace initial use of the new prohibition against picketing by non-employees.

Both activities were established as unfair labor practices by the general assembly during the 1947 session. Secondary boycotts were not defined in the law.

Malcolm B. Petrik, a PLRB

member, said the board would not attempt a broad definition of secondary boycotts, but one to "sustain the results at which we arrive."

"It can cover only this particular case because 'secondary boycott' is a broad term and we can't grasp all implications in one decision," he explained. "We may be able to do that eventually in future decisions."

Petrik said the term had been interpreted in state courts but refused to conjecture whether opinions would guarantee application

of the law as intended by lawmakers. Decisions involving unfair labor practices may be returned this week, he reported, and will come down no later than early next week.

The Benson foot bridge on the Columbia river highway was constructed in 1914 by S. Benson, citizen of Portland, Ore., at his own expense.

The English sparrow, having conquered every climate on earth except the Arctic, is regarded as the most successful songbird.

## Old Time Resident Comes Back On Visit

William George Hunter, of El Paso, former proprietor of a dry goods store, which years ago was located in the Woods block, this city, is spending an extended visit here. He has been gone from New Castle since the Mexican border trouble. During those years, he has travelled extensively, and been engaged in business in different cities. Although he's up in years, he's very active and is enjoying his visit to his former home town.

During the Mexico border trouble, when General Pershing pursued the Mexican, Pancho Villa, Mr. Hunter left New Castle. He went during the gold rush to Goldfield, Nevada, and was there two years before the railroads came. He became part-owner of the Goldfield Daily Bulletin, but later "drifted" as he stated, into the mercantile business, operating the Hunter department store. At that time it was the largest in Goldfield.

**Served In Legislature**  
Citizens respected him so highly they presented him as a candidate for the Nevada state legislature. He was elected and served two terms, but finally when the high grade ore was worked out, he departed from Goldfield, going to El Paso, where, during the oil boom, he became advertising manager of the Goldfield Oil and Gas News. When World War I broke out, he "shifted" to Deming, Ariz., where 50,000 soldiers were encamped. He became the proprietor of a curio shop.

He left at the end of the war, going to El Paso, but didn't stay there long. He went to Miami, Ariz., where he re-engaged in the newspaper business, becoming advertising manager of the Evening Bulletin of that place. However, he

quit the job, returning to El Paso again.

"Did you people build the Leslie House?" Mr. Hunter was asked.

**Married In Leslie House**  
"No, Captain Leslie built it, but when my father came from Belfast, Captain Leslie offered him the position as manager, a job my father accepted."

Mr. Hunter said this was in the 50's.

"Shortly afterward, my father met my mother and Captain Leslie said:

"You are going to be wed in the parlors of the Leslie house, and that is what happened." Mr. Hunter stated, adding:

"This is one of the reasons why I am staying at the Leslie hotel."

"Have you relatives here?" he was asked.

"My only blood relative is a niece, Mrs. Jane H. Lindorfer of Highland avenue," he stated, adding that he has several distant cousins on his mother's side, but explained that the Hunter family with which he is related, is practically extinct here.

## Governor Duff Gets 'Ten Gallon' Hat From Texas

HARRISBURG, Oct. 30.—(INS)—Gov. James H. Duff on Wednesday received a Pearl White ten-gallon hat as a gift from Gov. Beauford Jester of Texas.

The hat was presented by John B. Shepperd, of Gladewater, president of the U. S. Junior Chamber of Commerce, who made Duff an honorary member of the organization.

Shepperd said the hat was made especially for Duff and would bring him luck because he "personally rubbed it with the right hind leg of a Texas jackrabbit, filled it with four-leaf clovers and threw it over the left shoulder of a sun-burned Indian." The felt topper, size seven and three-eighths, was pronounced "a perfect fit" by the governor.

Shepperd said similar hats had been presented to 25 other state executives during a month-long 13,000 mile tour which he had undertaken for the JCC to awaken keener appreciation in "The Freedom of opportunity" which he labeled the fifth freedom.

Shepperd was accompanied to Harrisburg by Daniel Wertz, of Johnstown, president of the State Junior Chamber of Commerce.

## Bright Industrial Future For State

Business Research Bureau Of State College Sees 1947 Averages Above Last Year

STATE COLLEGE, Pa., Oct. 30.—(INS)—A bright industrial picture in Pennsylvania was sketched today by the Business Research Bureau of Pennsylvania State college.

Industrial activity during the first three quarters of 1947 was 13 per cent above a similar period last year, the bureau reported.

Averages during September, while below the 1943-44, "rose to the highest peacetime records for the month," a statement said.

The index was based on coal production, employment, hours in manufacturing and industrial power sales.

Factory payrolls during September were the highest for any peacetime year, the bureau said, while building operations were the highest since 1941.

The best levels in three years were reported for anthracite production, factory employment, employment hours, steel production and car loadings, the bureau announced.

Losses for the month, it was added, were registered by bituminous and crude oil.

## Jack Winter Has Two Roles In Play

NEW WILMINGTON, Oct. 30.—Jack Winter, Englewood avenue, New Castle, plays two roles, that of Gabriel and an old tramp, in the world premiere production of a three-act fantasy, "The Three Kisses" by Margretta Scott Lawler, being presented this week to

packed houses in the Little Theater of Westminster College. This play marks the first time that a completely original production has been done by the student actors.

Working under the direction of Donald L. Barbe, acting head of the department of speech, the play is being produced by Masquers, campus honorary dramatic fraternity. All members of the cast are Masquers.

Following the five-night run on Westminster campus, the college

players will present the show at Deshon Hospital, Saturday evening, November 1.

## Seek To Enlist Aid Of Farmers In Food Saving

WASHINGTON, Oct. 30.—(INS)—The government hoped today that special livestock feeding programs arranged to meet local conditions will enlist the cooperation of farmers throughout the nation in its food-saving drive.

Spokesmen for Food Conservation Chief Charles Luckman said that he is convinced that no general feeding program, applicable to all sections of the country, would result in sufficient grain-saving for foreign relief.

These Luckman committee officials explained that feed conditions vary throughout the country and that farmers in some areas are unable to adopt feeding practices that might work in another section.

As a result, Luckman and Secretary of Agriculture Anderson have asked the land grant colleges to appoint livestock feed committees to recommend specific feed conservation measures in their localities.

The feed committees, composed of state farm organization representatives, feed dealers and manufacturers, will turn their suggestions over to the agriculture department.

## Pittsburgh Plans Big Civic Center

PITTSBURGH, Oct. 30.—(INS)—Plans for a \$15,000,000 civic center, which would include a huge sports arena, were being discussed today by the Pittsburgh Regional Planning Association.

The plans would call for redevelopment of 70 acres of land near Pittsburgh's business district, and would entail razing of numerous business and apartment buildings and homes.

The plans were turned over to the Chamber of Commerce for study by the planning association.

In addition to an auditorium seating 1500 and a sports arena seating 18,000, parking space and free-flowing vehicular arteries connecting with main highways were included in the plans, as were apartment houses designed for life in the future.

See Mad Scramble  
For G. O. P. TicketPresidential Nomination  
Promises To Be Wildest  
Show In Many YearsRUSSIA BUILDING  
NEW TYPE AUTOS

(Special To Central Press)  
WASHINGTON, Oct. 29.—The mad scramble for the 1948 GOP presidential nomination promises to be the wildest and wooliest show the Republican elephant has staged.

Political observers are certain that nothing will be settled until the chips are down next year in Philadelphia, except, perhaps, that Harold E. Stassen may have some sort of agreement to throw his 100 midwestern delegates to Ohio's Senator Robert A. Taft in exchange for the vice presidential nomination.

Taft has grown in stature thru his western speaking tour. Governor Dewey has gained no ground but still is titular head of the party and a grass-roots man if the GOP rank and file think he could make the best showing against President Truman.

Both Taft and Dewey must win in a few ballots or probably see the race go to a "dark horse". Of "dark horses" there are two—but potent No. 1 man now is the nation's No. 1 soldier, Gen. Dwight Eisenhower, who by convention time will be private citizen Eisenhower, president of Columbia university.

Then there is Senator Arthur H. Vandenberg of Michigan, senate president and chairman of the powerful foreign relations committee.

Both Eisenhower and Vandenberg concededly at the moment would be tougher for the Democrats than Taft—and, possibly, Dewey.

## SOVIET AUTOS

Here's the low-down on Russia's new lightweight automobile, the Moskvich, as outlined in the Soviet Embassy Bulletin, official Red propaganda booklet published in Washington.

"It weighs four-fifths of a ton, has top speed of nearly 55 miles an hour and will travel 30 miles to the gallon. It has hydraulic brakes and other improvements."

Photographs of the Russian car show it to resemble lightweight American-made autos of about 1934 vintage.

The new type car, however, is not yet in mass production, but—says the propaganda booklet—it will be soon, probably before the year is out.

Along with the Moskvich, the

Soviet auto factory in Moscow also is preparing to build two new types of cars—the Covered Wagon and Universal.

The former is apparently a truck-type vehicle and the last a "four-seater" for passengers and baggage.

## SEEK MAN FOR "HOT SEAT"

With the resignation of Charles R. Denny as head of the Federal Communications Commission, comes much speculation in Washington as to his successor to the "hot seat" overlooking the entire radio industry.

Denny steps out Oct. 31, and it is reported that President Truman is studying men with a radio background as possible candidates for the job. Among those mentioned in capital circles are J. Leonard Reinsch and Wayne Coy.

Reinsch, who now is directing the operations of some Georgia stations, was Mr. Truman's radio adviser early in his administration. Coy, a Washington radio official, once was an administrative assistant to President Roosevelt.

Some political names also appear on speculative lists of candidates for the job. They include former Democratic Senators James Mead of New York and Hugh Mitchell of Washington.

The scabies or itch is a skin disease caused by an animal parasite which burrows under the epidermis of any part of the body.

Miss Ada Tillia and Miss Lillian Durbin motored to Greenville on Sunday where they visited with friends.

Historians estimate that throughout her history China has had about 4,000 civil wars.

In the Alps of Europe, the wild cat, brown bear and wolf, once numerous, have been driven into the remote recesses and are becoming rare. The chamoix and ibex are still found among the higher mountains, the haunts of the latter being among the inaccessible rock solitudes bordering on the snow line.

A good suit of armor of the Middle Ages took a year to make by hand, and was a prized possession of royalty.

### Asks Vice Cleanup In State Capital

Democratic Candidate For  
District Attorney At Har-  
risburg Levels  
Charges

HARRISBURG, Oct. 30.—(INS)—Henry E. Harner, Democratic candidate for district attorney of Dauphin county, today sought a grand jury investigation of what he called "vice and gambling" in Harrisburg.

In a radio campaign address to Harrisburg voters last night, Harner said the alleged conditions were "at the very doorstep of our state capital and claimed 'many millions of dollars' were involved."

He proposed that State Attorney General T. McKeen Chidsey head

the investigation by superseding District Attorney Carl B. Shelley, the Republican candidate for re-election.

Harner specifically asked Chidsey, "exercising the power invested in him by law," convene a grand jury to investigate what the Democratic candidate labeled "organized gambling and other vice in the city and county and to determine how it gets its protection."

In 1939 Shelly directed a grand jury investigation of alleged irregularities in the Democratic administration of former Gov. George H. Earle.

### Well-Known Hostess At Canteen Is Dead

PITTSBURGH, Oct. 30.—(INS)—The lady known mostly as just "Morn" to thousands of World War II servicemen was dead today.

Mrs. Margaret M. Lindsay, who during the war served as hostess at the USO canteen near Pittsburgh's Pennsylvania railroad station, died yesterday after a short illness.

Mrs. Lindsay, a gold star mother of World War I, was past state president of the Ladies of G.A.R. She was active in numerous patriotic organizations.

She is survived by her husband.

### Duquesne Wage Talks Saturday

PITTSBURGH, Oct. 30.—(INS)—Wage negotiations for five of the eight groups of the Duquesne Light Co.'s independent union will commence Saturday.

Union President George Mueller said the remaining three will be discussed with company officials next week.

Under terms of the new state law, if negotiations break down both parties must agree to arbitration. The law was written following the crippling 27-day strike last year.

### Bucks County Is Stunned By Collins Expose

Friends And Neighbors Rally To  
Defense Of Presumed Re-  
spectable Businessman

DOYLESTOWN, Pa., Oct. 30.—(INS)—James R. Collins, prominent Bucks county businessman who was exposed Tuesday as a bank robber who fled an Alabama prison 12 years ago, was held without bail in Doylestown today after refusing to waive extradition.

Meanwhile, friends and neighbors rallied to his aid, and sought to comfort his wife and two children who were still stunned by his exposure.

His attorney, C. William Freed Sr., of Quakertown, informed Justice of the Peace Horace Koder

that Collins would not sign extradition papers "at this time."

Serving Life Term

He explained he had undertaken the case immediately after Collins' exposure, and pleaded for more time to decide whether his client would wage a legal fight to avoid being sent back to Mobile, Ala.

Collins, 37, was arrested Tuesday on a fugitive warrant from Mobile, Ala., served upon him by his good friend, Sheriff H. Raymond Alburn, charging he escaped while serving a life term in 1936.

Since then he has built up a successful well-drilling business in Bucks county.

## Four Hundred Gifts On Display

Wedding Gifts For Princess Elizabeth And Lieut. Mountbatten Are Shown

### MOST OF GIFTS NOT ELABORATE

LONDON, Oct. 30.—(INS)—Some four hundred out of an expected 1,000 wedding gifts for Princess Elizabeth and Lieut. Philip Mountbatten were placed on display today in two large, cold and slightly shabby salons of ancient St. James's palace on London's Pall Mall.

They ranged from the ridiculous to the sublime and portrayed most graphically Britain's "austerity age" of the day.

Anyone expecting a display of unparalleled magnificence was treated to a letdown of shocked amazement.

No precious jewels gleamed from velvet cushion.

No fabulous works of art were on view.

#### Simple Gifts

Primarily, the exhibit was an array of simple handmade and inexpensive gifts from the humble folk of the empire, with a mere sprinkling of more magnificent presents.

Not a single guard watched the viewers as they milled around the palace rooms, freely handling and commenting on the gifts. The only restrictions were "no photography and no smoking."

In the midst of the generally unimposing gifts, including bolts of utility tweed, there was a handmade pillow embroidered with the message "Don't Fence Me In."

There were single pairs of nylon stockings, single handkerchiefs and mystery novels.

#### Some Truly Regal

There were, however, some presents of truly regal status. Attached to six beautiful antique and engraved entree dishes was a card boldly written:

"His Majesty King Peter II and Her Majesty Queen Alexandra of Yugoslavia."

Most imposing was an impres-

sive large silver punch-bowl from the Maharajah of Nepal.

President and Mrs. Truman's Steuben glass vase depicting a county fair merry-go-round was not on view. Commander W. H. Samways, who is in charge of cataloguing and displaying gifts, said this present as well as jewels and other presents still are in Buckingham Palace.

They will be shown to the public about ten days after the wedding.

Most of the gifts were extremely simple. There was a wooden salad bowl inscribed "with love from the crippled boys of the Heritage Craft Schools."

Personnel effects included powder-puffs, handbags, sweaters and nightgowns, as well as household appliances such as ordinary dishes, a vacuum cleaner and even a bed, complete with mattress and blankets.

Presents from the United States included a silver trinket box for Elizabeth and a tie-clip for Philip from former Rep. Maury Maverick of Texas.

Sharman Douglas, wife of Ambassador Lewis Douglas, sent a silver inkstand. Mrs. Blair Buck, president of the General Federation of Women's Clubs, sent an embroidered lawn tablecloth and napkins on behalf of the members. Mrs. Louis Gurrieri of Washington, D. C., sent a green taffeta gown.

### British To Attempt Supersonic Cracking

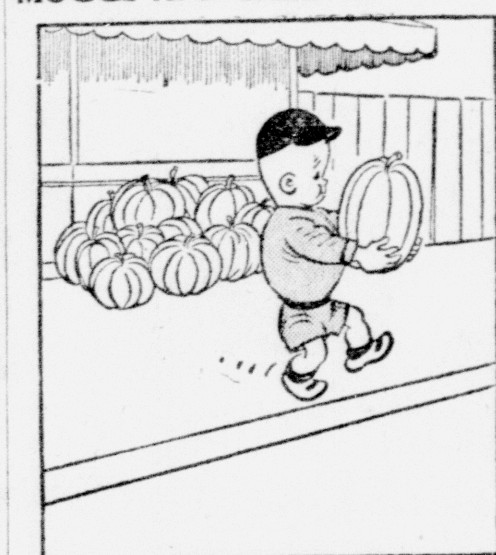

LONDON, Oct. 30.—(INS)—Britain's ministry of civil aviation announced today that pilotless planes will make a new attempt to exceed the speed of sound in tests to be carried out over the next six months.

Recent efforts to crack the supersonic barrier failed.

The new tests will be carried out over the Atlantic west of Bishop's Rock. Three daylight tests will be made each week. Starting as soon as possible.

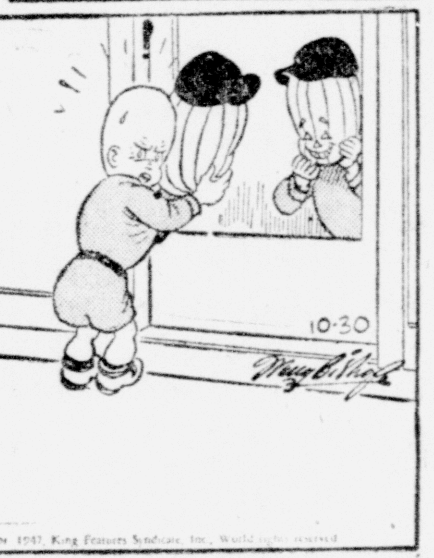

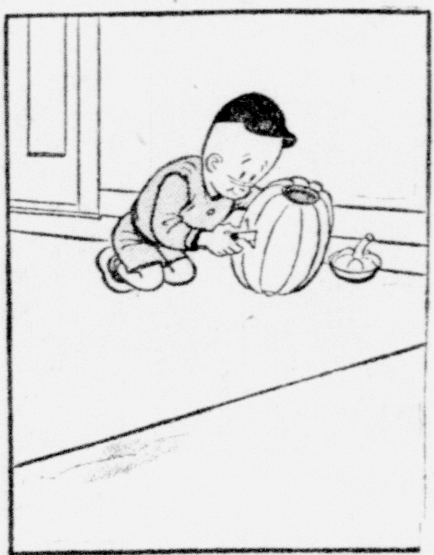

Pilots of regular aircraft have been warned to keep out of the area.

### MUGGS AND SKEETER

Pig iron gets its name from an old method of making iron. Under that method the liquid metal was run from the blast furnace into a main sand-lined runner and from that into smaller troughs where the iron cooled and hardened. The appearance of the main runner and those branching out from it suggested a sow and her suckling pigs.

## Young Bormann Is Arrested By Austrian Police

Son Of Hitler's Deputy Fuehrer Found Working On Austrian Farm Under Disguise

VIENNA, Oct. 30.—(INS)—Martin Bormann, Jr., the son of Hitler's deputy fuehrer, was arrested by Austrian police last Monday.

Bormann was turned over to American Occupation authorities. They tried to keep his arrest secret in the hope he might be able to furnish information about his father.

The story was published by an Austrian newspaper today.

The young Bormann, 18, had assumed the name of Bergmann. He was working as a farmhand at Kirchental, a village near Salzburg in the U. S. zone.

Body Never Found

Martin Bormann, Sr., who was sentenced to death in absentia at the Nuremberg trials, has been the object of one of the greatest man-hunts in history.

Testimony from Hitler's chauffeur last year revealed that Bormann apparently died in May, 1945, in Berlin.

Allied officials have been inclined to doubt this. Bormann's body, along with Hitler's has never been conclusively identified.

In the ruins of an ancient stone vault, the bronze plated doors guarding treasure could not be reached until the intruder had found a path through a labyrinth of corridors in which poisonous snakes roamed.

Many people confuse the term "post cards" and "postal cards." The cards bought from a post office and containing stamps printed on them are properly called "postal cards." The unstamped cards bought in stores and usually containing a picture on one side are properly called "post cards."

A fable says that every man has a bag hanging before him in which he puts his neighbor's faults, and another behind him in which he stows his own.

Value of implements and machinery on U. S. farms has been estimated at more than \$5,000,000,000.

## Rent Monies For Delegates Given To Chest

A fine gesture has been made by many residents of the city, it was learned today—a gesture that will materially aid the current Community Chest drive.

Jacob C. Wachtman, executive secretary of the C. N. A. C., announced that the rent monies collected by many individuals in the community for affording sleeping quarters to some 1,200 delegates to the State Grange Convention, will be turned over to the campaign.

Drive Chairman George F. Winter wishes to thank these civic-minded citizens who have not only graciously thrown open their homes to accommodate the Grangers but who have come through with such a spontaneous response to help push the chest effort over the top.

This gesture is exemplary of the citizenry of the city and is proof that they firmly believe in the Community Chest and the upkeep of the agencies it sustains.

## New Galilee Youth Dies From Injuries

Staff Sgt. Duwayne P. Goodwin Fails To Rally From Jeep Injuries At Burlington, Vt.

NEW GALILEE, Oct. 30.—Staff Sergeant Duwayne P. Goodwin, 20, of this community, died Tuesday, in the Bishop DeGoesbriand hospital, Burlington, Vermont, from injuries received when his jeep skidded on wet pavement and overturned three times Sunday, October 19.

The young soldier suffered a broken neck, lacerations of the head, a broken shoulder and both legs broken.

Staff Sgt. Duwayne Goodwin, was a member of the United States Army Signal Corps at Governor's Island, N. Y., and was on special duty in Vermont. He and his buddy, Corp. Robert Stafford, 19, were returning to the barracks following dinner in the town, at the time of the accident. Stafford suffered minor injuries.

Sgt. Goodwin, leaves his wife, Mrs. Bertha Rohman Goodwin, of New Galilee; his daughter, Rebecca, age two; and his stepfather, and mother, Mr. and Mrs. Frank Boren, of Youngstown, O., former Volant residents.

Following the accident, Mr. and Mrs. Boren visited the young sergeant in the hospital, but had returned home to await further news.

## New Bicycle Law Effective On Saturday

Chief of Police Robert D. Hanna today announced that the bicycle ordinance will become effective November 1, following which all police will keep an eye on their operation.

According to the chief, cyclists are to obey all regulations which govern automobiles.

He also stated that scooter-bicycles must be licensed before they can be operated here. Such licenses are obtained following a state police test at the Armory, on Tuesdays.

Here are the "Don'ts" for cyclists:

Don't ride double.

Don't leave your bicycle un-locked.

Don't ride through a red traffic signal.

Don't ride through stop signs.

Don't ride or park your bicycle on the sidewalk.

Don't ride out of alleyways until you have slowed down and looked in both directions.

Don't try to beat an auto across intersections.

Don't ride your bicycle at night unless you have a headlight and a tail-light reflector that can be seen 200 feet.

Don't neglect to see that the number on your identification card corresponds with your license plate number.

For violation of the ordinance, a bicycle may be seized and impounded for not more than seven days, and for the second offense, 14 days, and for the third offense, 30 days. The license, permit and registration may be suspended or revoked. The bicyclist can also be fined \$2 for a violation.

Any person, not a resident, may ride a bicycle in the city for not more than six days in a year.

## Rev. K. L. Buford On Long Itinerary

St. Luke's A. M. E. Zion Church Minister Has Busy Speaking Schedule

Rev. K. L. Buford, minister of St. Luke's A. M. E. Zion church, has been busy with various activities in other cities during the month of October. The local clergyman's schedule for the coming month will also require absence from his pulpit a great deal of the time. Rev. I. B. Lavigne, presiding elder of the Allegheny District, will occupy the pulpit of St. Luke's church while he is away from the city.

Rev. Buford spoke on the subject "The Need of Evangelism Today" at the 82nd annual session of the Kentucky Annual Conference of the A. M. E. Zion church at Stoner Memorial church, Louisville, Ky. That meeting was in session from October 15 to 17. On October 23, he spoke at a luncheon for the Religious Educators committee of the Council of Churches of Cleveland and vicinity. The assembly took place at the Cleveland Athletic club, Cleveland, O. Rev. Buford was also a speaker October 26, at St. Paul's A. M. E. ion church, Cleveland, in the interest of religious education in the Cleveland area among A. M. E. Zion churches. Rev. J. L. Black is leader of that congregation.

The local pastor will conduct revival services November 3 to 7, at St. Luke's A. M. E. Zion church, Cleveland, of which Rev. M. L. Flowers is minister. He will serve as a leader for the Good Samaritan A. M. E. Zion church, Erie, Pa., in a city-wide survey to be conducted by the Erie Christian Teaching Mission. Rev. Buford will open the Preaching Mission November 30, at the California Conference in Brown's Temple A. M. E. Zion church, Los Angeles, Calif.

## Start Fight On Cholera Spread

VIENNA, Oct. 30.—(INS)—Prof. Fritz Reuter, noted Austrian medical expert, revealed today that he will direct anti-cholera measures in Graz and Villach because of unconfirmed reports that the disease has broken out in Livorno, Italy.

Villach is near the Italian frontier, and Graz is further east on a key travel route.

Ten other Austrian doctors are being sent to Cairo to help the Egyptian government fight spread of cholera which has taken a toll of thousands of lives since it broke out in Egypt a few weeks ago.

## Donation Day At Almira Home Is Fine Success

Today the storage larder of the Almira Home is full to overflowing and for the first time since the inauguration of an annual Fall Donation Day, contributions of foodstuffs and staple groceries were so numerous that one end of a hall has had to be converted to for storage.

Results of the ingathering are impressive, colorful, and mouth-watering with the many jars of jams and jellies and preserved fruits and vegetables. Friends were generous with cash donations, a lot of sugar was received, and numerous cakes of soap are among the gifts left at the home yesterday.

**Open House Also**  
For the first time in its history there was open house held in conjunction with Donation Day and nearly 300 came from New Castle and surrounding points such as Mercer, Sharon, Grove City and Slippery Rock to view the home.

There have been extensive interior improvements made during recent months, including redecoration of the dining room, and a newly furnished hospital room made possible through a gift from Mrs. William Hahn, of Oil City.

**In Receiving Line**  
In the receiving line to greet those who called were members of the Almira Home board: Mrs. H. C. Harper, president, Mrs. W. Walter Brumham, Mrs. James D. Crawford, Mrs. Robert E. Armstrong, Mrs. George E. Harbison, Mrs. Roy Shira, and Mrs. James Rhodes, assisted by Mrs. Lola M. Harris, superintendent of the home, Mrs. W. R. Waddington, and the nurses on the Almira staff.

Cider and doughnuts were

served from a table decorated in the halloween motif with members of the Junior Board of Almira Home pouring. In the afternoon Mrs. Charles Jaquish, Mrs. Robert Weingartner, and Mrs. Robert A. Eckles presided at the tea table and in the evening Mrs. Clyde Whittaker, Mrs. Ralph G. Campbell, and Mrs. Jaquish.

Mrs. W. Walter Brumham is Donation Day chairman.

## Local Soldier To Be Instructor

James L. Trumble of 1005 Marshall avenue, who enlisted at the U. S. army and air forces recruiting station here on July 23, has completed his basic training at the Lackland air base, San Antonio, Tex., and has been assigned to remain there as range instructor.

Pvt. Trumble qualified as a marksman with the .30 calibre rifle and 45 calibre pistol and was picked as one of 30 men to remain at the air station for another year as instructor.

He is stationed with BN Flight 2176.

## West Virginia Fire Makes 29 Homeless

CHARLESTON, W. Va., Oct. 30. (INS)—Fire department officials today sought a cause for a fire which destroyed five homes at Bownmont and made 29 persons homeless. Damage was estimated at \$25,000.

The fire, which broke out yesterday, threatened 10 additional dwellings before it was brought under control.

## Around Hollywood

By JOHN TODD

International News Service Staff Correspondent

HOLLYWOOD, Oct. 30.—(INS)—When a Hollywood reporter finds Betty Grable working in ermine he's hit the jackpot.

Betty's little pink toes were peeking out from under the \$25,000 cloak because it was hot and she was singing energetically and taking off her shoes and stockings to keep cool.

Most glamour girls would be happy to be bedecked in such gorgeous style, but Betty only wiped her brow as she collapsed in a chair and said:

**Absent Over Year**  
"Ye Gods, John, this darned thing is hot. I'll be glad when I'm done with it."

Betty has returned to work after more than a year's absence from the screen for the birth of her

second daughter, Jessica, and she plans to make two pictures a year for 20th Century-Fox.

Her current chore is "This Is the Moment," which was originally titled "Lady in Ermine." It might be noted that it took 700 matched skins to make the wrap which now enfolds the matchless Grable figure.

**Davis Being Good**

Jim Davis, lifted to stardom by Warner's becoming Betty Davis' screen lover in "Winter Meeting," has been leading the quiet and simple life.

"Yes, sir," said Jim, "I'm the best little boy in town. I never go to bed any later these nights than 10 p.m."

"I've got to be alert of body and

alert of mind. No one ever got a better break than I have and I'm making the most of it."

**French Perfume**

The mailman just came in with a big box containing a little bottle from Paul Hollister, the genial RKO executive. But, don't get excited. It's only French perfume and Paul says it's just as good as the Maurice Chevalier picture made in Paris called "Man About Town."

The mailman also brought a hair-brush from Red Skelton, who's starring in "The Fuller Brush Man" at Columbia and a book, "Proud Destiny," which Enterprise plans to make into a picture to rival its own "Arch of Triumph."

There was a sweet note, too, from Phyllis Calvert, back in England, about a story I did about her while she was in Hollywood. A Hollywood reporter generally gets everything except thanks.

Chickens can see only during the day. When the light fails, they go to sleep.

## Let's Re-elect JOSEPH F. TRAVERS County Commissioner

Almost everyone agrees "Jokey" has been a good county commissioner. As chairman of the Institution District for the county he has done an outstanding job in putting the county home upon a sound basis.

He is the only candidate for commissioner who has had experience in the job. As citizens we should take advantage of this experience.

## CHILD INJURED IN GRANDFATHER'S AUTO

Little Bette Carol Polding, aged 5 years, of the New Castle-Ellwood City road, was taken to the Jameson Memorial hospital for treatment, after she had been injured in the car of her grandfather.

The little girl was thrown to the floor of the car, as it was turning a bend on the road, sustaining a severe laceration of the left leg,

which required several stitches. She was treated at the Jameson Memorial hospital.

Two-thirds of all infant deaths occur during the first 30 days of life.

# Blackstone Is Still Waiting For Houdini To Open Up The Lock

PITTSBURGH, Oct. 30.—(INS)—Friday night, when the ghosts supposedly strut their stuff, Harry Blackstone, the magician, again will hold vigil over a little padlock, awaiting the ghost of Harry Houdini.

Houdini gave the lock to Blackstone prior to his death in 1926. "Houdini told me that it is true that spirits can do physical things as well as communicate with the living, he would return to earth to open this lock, the secret of which only he knew," Blackstone said today.

So Friday night, in his dressing room in a Pittsburgh theater, Blackstone will place the intricate lock on a table, and wait to see what happens. He has invited any Pittsburgh mediums or spiritualists who feel they can lend a beam to try their hand at conversing with Houdini's spirit.

But if the lock isn't opened, Blackstone won't be too disappointed. He's been going through this ritual ever since Houdini's death. It's still locked.

Today Blackstone is one of the few living persons with whom Houdini promised to communicate, if he could. With each, including his wife, now dead, and the late Conan Doyle, creator of Sherlock Holmes, Houdini left certain messages in order that they might check the authenticity of words relayed by a medium.

Thus far, the annual halloween vigils have been fruitless.

## EXPECTANT FATHERS COURSE ABANDONED

PITTSBURGH, Oct. 30.—(INS)—Attorney John V. Snee's lecture course for expectant fathers has been removed from the curriculum of the downtown YMCA in Pittsburgh.

Attorney Snee couldn't find any pupils.

Not that there aren't any expectant fathers around, he says, but "too many men seem to be embarrassed about the subject."

He started the course three weeks ago. It "folded" completely last night. Total attendance for the four lectures: three students and three newspaper reporters.

## JOBLESS CHECKS SHOW INCREASE

HARRISBURG, Oct. 30.—(INS)—State Treasurer Ramsey S. Black today reported payments to unemployed veterans and jobless Pennsylvania workers showed a sharp upswing during the week ended October 24.

Veterans' payments totaled \$1,036,383 during the week compared with \$783,525 the previous week, Black said.

Benefits paid jobless workers totaled \$831,354 in contrast to \$635,575 the preceding week, he added.

## State Warehouses Are Bulging With Bushels Of Wheat

HARRISBURG, Oct. 30.—(INS)—Pennsylvania warehouses bulged with 15,567,000 bushels of wheat as of October 1, it was announced Wednesday by the State Agriculture Department.

The encouraging wheat supply picture was overshadowed by less oats and corn than were being held at the same period of 1946, the department added. The amount of stored wheat was about 2,000,000 bushels above last year's holdings on a similar date. Grain elevators and other storage

facilities reported 512,000 bushels of corn compared with 529,000 bushels a year ago while oats supplies totaled 443,000 bushels contrasted with 1,188,000 last year, according to the department.

The 1947 corn crop was estimated at 58,136,000 bushels, a decrease of 1,000,000 bushels from last year's yield. The bumper wheat crop of 22,272,000 bushels was the largest harvested in the state in the past decade.

Barley stocks were higher than the 1946 reserves, but rye supplies had dipped slightly, according to the department.

## NO "BIKE" PARKING FEE

There is no parking fee for bicycles according to Chief of Police Robert D. Hanna. The bicycle ordinance becomes effective Saturday.

## Shrine Caravan Plans Activities For Next Month

Members Will Attend Divine Worship In First Congregational Church November 9

Several activities, which will interest the membership, have been planned for next month by Lawrence Caravan No. 15, of Syria Temple, A.A.O.N.M.S., president W. Walter McGee stated today. The members will have a meeting on Wednesday evening, November 5, in the Service Division

room at The Cathedral, for discussion of business.

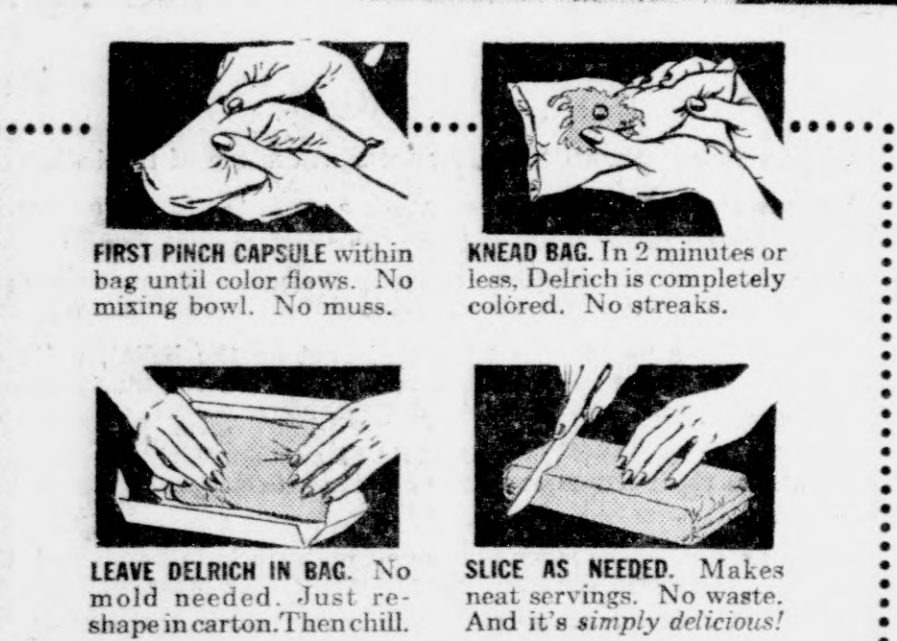

On November 9, the members of the caravan have been invited to attend Divine worship in the First Congregational church, by the Rev. Thomas J. Jones, and will attend in a body.

On Saturday evening, November 22, a dinner will be held in The Castleton, for Imperial Potentate Clarence W. Head, and members of his divan.

# Late General Patton Blames Montgomery For "Bulge Battle" Blunder

PHILADELPHIA, Oct. 30.—(INS)—The late General George S. Patton, Jr., blamed Field Marshal Bernard Montgomery for "the momentous error of the war" in failing to save off the Battle of the Bulge. The Saturday Evening Post revealed this week.

Patton wrote in his personal journal that "the war would have ended sooner and more lives would have been saved" if his Third Army had been permitted to drive directly across the Rhine in the late summer of 1944. Part of the journal is reprinted in the Nov. 1 issue of the magazine.

**Used Influence**  
"Blood and Guts" wrote that Montgomery influenced General Dwight Eisenhower to divert gasoline and munitions to the American First Army to help British forces.

Patton charged that his own army was stopped at a time when "we could have gone through and on across the Rhine within ten days," thus averting the Battle of the Bulge.

"(Gen. Omar) Bradley called up ... and in my opinion, crawled quite flagrantly in forbidding me to use the 83rd Division," the Third Army chief wrote.

**Would Have Held**  
"I believe he had been over-talked, either by (Generals) Middleton or Hodges, or both. Had two combat teams of the 83rd been used to attack Saarburg, that town would have fallen on the twelfth or 13th, and we would probably have captured Trier," he continued.

"With Trier in our hands, Von Rundstedt's break-through" could not have occurred."

Patton also wrote: "Bradley called to say that Monty wanted all the American

troops to stop so that he, Monty, could make a "danger thrust with the 21st army group at the heart of Germany." Bradley said he thought it would be more like a "butter-knife thrust."

Another quote from the Patton journal said:  
"Christmas dawned clear and cold; lovely weather for killing Germans, although the thought seemed somewhat at variance with the spirit of the day."

A narrative from the journal will be published by Houghton-Mifflin Co.

## Probe Overpayment For Arabian Oil

**Seek To Find Out If Navy Paid Too Much For Saudi-Arabian Oil During War**

WASHINGTON, Oct. 30.—(INS)—The Senate War Investigating committee will reopen its inquiry into whether the Navy paid an American owned company too much for Saudi-Arabian oil during the war.

Called as the first witness was W. S. S. Rogers, chairman of the board of the Texas Co., which, with Standard of California owns the subsidiary Arabian-American Oil Co.

Rogers was designated as the company spokesman to reply to testimony last spring by James A. Moffett, who said he tried unsuccessfully in 1941 to interest the late President Roosevelt in a deal whereby the government could get Saudi-Arabian oil at 40 cents a barrel.

Moffett told the committee that in 1943 the government made substantially the same deal, involving advances of six million dollars a year to King Ibn Saud, but with a rate which resulted in the Navy paying \$1.05 a barrel for oil for the European war.

## Make Plans For Y.W.C.A. Dinner November 13

November 13th Y. W. C. A. Annual World Fellowship Tureen Dinner at the Cathedral has been planned by Mrs. Jesse Kerr, chairman, and 23 representatives from church and club groups.

An International Pageant by Y. W. C. A. Club Groups portraying Y. W. C. A. work in other countries and their folk songs, was decided upon for the program. A Worship Service written for the National World Service Celebration on Nov. 9th, in the Washington D. C. Cathedral will also be used.

Each Y. W. C. A. Club and Church member is requested to report to her Y. W. C. A. Membership Captain the tureen she would like to bring by Monday, November 10.

The Y. W. C. A. is a voluntary world-wide fellowship of women and girls. The girl who joins because she is friendless stays to heal the loneliness of others. In a slowly widening circle, this fellowship moves across and through the barriers of nationalism and officialdom, and is not stopped by the futile prejudices of race and creed. Here, potentially is a spirit that can help an anarchic world.

## Landon Blames Truman Followers For Food Crisis

GARNETT, Kans., Oct. 30. — (INS)—Alf Landon, 1936 Republican Presidential candidate, today held out an "eat less" program to the American people if the United States hopes to ship food to Europe.

Landon told a meeting of the Second District Federation of Women's clubs in Garnett last night that the Truman Administration is to blame for the food crisis because of its failure to maintain adequate food stock.

Should Help Europe  
The GOP leader admitted that the United States should help the 16 nations which participated in the recent Paris conference. He pointed out, however, that there is a possibility because of present crop conditions that there will not be enough wheat to take care of the demand. Landon declared: "Therefore, if we are going to ship more wheat, we must eat less."

Landon assailed the Truman Administration for what he termed its "fluff and muff" foreign policy and asserted it has left the American people "confused and bewildered."

There is a mineral that can be fashioned into sheets as thin as tissue paper. This is mica. A piece of this mineral an inch thick can be made into almost a thousand sheets, each of them as thin as the thinnest tissue paper.

# Gelder Changes Press Tactics

Liquor Control Board Chairman Reacts Quickly To Duff's Suggestion

## OTHER NEWS OF STATE AFFAIRS

HARRISBURG, Oct. 30.—(INS)—Liquor Control Board Chairman Frederick T. Gelder reacted with surprising promptness to Governor Duff's suggestion that he explain to the press the agency's plan to sell millions of dollars worth of slow-moving whiskeys at reduced prices. Gelder had been queried by the Capital Hill press corps without much success for several days prior to a chance meeting between several newsmen and Duff. Hearing of Gelder's reticence, Duff called a press conference and explained the situation. The same day Gelder sent out a state detailing the merchandising problem, a surprising departure from his usual procedure in controversial matters.

Pvt. Tommy Cullen, Governor Duff's state police chauffeur, was "needed" good naturedly by other troopers of the Harrisburg station when they learned from a newspaper that his "boss" was driving when a near accident occurred on a highway. Cullen said the part about Duff driving his convertible when a wheel from another car

forced some fancy driving was factual enough. "But did the paper have to report that 'Pvt. Thomas Cullen was in the back seat'?" he asked.

Considerable dissension is noticeable among state employees over salary raises granted by department heads. The disgruntled workers claim wage boosts favored some employees at the expense of others. Employees benefitting from sizeable increases have kept mum.

Charles (Buck) McGovern, a member of the liquor control board, went to the Pennsylvania national horse show in Harrisburg to see a horse valued at \$25,000. "I wanted to see what a horse was like worth that money," McGovern explained, "because I used to own one worth \$1400."

Governor Duff, who refused to enter into local primary elections where contests existed between Republicans, lined up solidly with state GOP Chairman M. Harvey Taylor in Harrisburg's spirited mayoralty election. He attended a Dauphin county Republican rally and endorsed the candidacy of Claude Robins, the "Taylor-made" nominee. Robins is opposed on the Democratic slate by John E. Peters, a three-time loser of the GOP nomination, who was substituted by Democrats when their nominee withdrew.

A number of legislators predict the governor will avoid calling a special session of the General Assembly next year except in case of dire necessity. The reason, they claimed, was that an extraordinary session would give Democrats an opportunity to make political capital prior to the 1948 presidential election. Most lawmakers felt it could be avoided unless the soft drinks tax designed to return \$35-

000,000 a biennium was found unconstitutional in court. In that event, a new levy probably would have to be imposed to guarantee the anticipated revenues. The only mention made by Duff regarding a possible special session was in reference to the community property act. Attempting to justify his approval of the measure, he said the statute could be repealed in a special session if it conflicted to an unreasonable degree with other property laws.

# Governor Names Labor-Management Advisory Board

HARRISBURG, Oct. 30.—(INS)—A 12-member labor-management advisory committee today was assigned by Gov. James H. Duff to help settle labor disputes in Public Utilities. The committee, representing labor and management equally, was authorized to submit to Duff a roster from which he will select

a 12-member arbitration panel to referee disputes.

Heading the list of labor representatives was George L. Mueller, of Pittsburgh, president of the Independent Association of Employees of Duquesne Light and associated companies, which paralyzed the steel capital with a 27-day power blackout a year ago.

Other union leaders named were: Harry Boyer, of Reading, president, Pennsylvania Industrial Union Council (CIO); Hunter P. Wharton, Pittsburgh, secretary, Pittsburgh Building and Construction Trades Council (AFL); James L. McDewitt, Philadelphia, presi-

dent, Pennsylvania Federation of Labor (AFL); John W. Thomas, Catasauqua, general committee chairman, Employees Independent Association, Pennsylvania Power and Light; and Joseph Gallagher, Freeport, United Mine Workers of America, (AFL).

Management representatives included: H. K. Breckenridge, Pittsburgh, vice-president, West Penn Power Company; Van Horn Ely, Bryn Mawr, Philadelphia Suburban Water Company; L. M. Ayers, Pittsburgh, industrial relations director for Consolidated Natural Gas Company; Dan J. Egan, Pittsburgh, employe relations director,

Pittsburgh Group of Columbia Gas and Electric Corp.; C. C. Simpson, Philadelphia, Northern Liberties Gas Company; and E. G. Brill, Allentown, Pennsylvania Power and Light Company.

The name "witch-hazel" is derived from the use of the shrub's twigs as divining rods. Extract of witch-hazel is prepared from the leaves of the shrub, which is found in North America from Texas to Nova Scotia.

The term "rookie," as applied to a recruit, comes from the English military slang term "rookery," which refers to the quarters in the barracks occupied by subalterns.

# Negro Attorney Named As Judge By Governor Duff

PHILADELPHIA, Oct. 30.—(INS)—Herbert E. Milen, prominent Philadelphia negro attorney, today became the first member of his race to be elevated to the Pennsylvania judiciary. Gov. James H. Duff announced the appointment of the 55-year-old lawyer to fill the vacancy created by the death of President Judge Charles L. Brown.

## Says Government Agencies Dismiss Many Veterans

By SAM FOGG

(U. S. Staff Correspondent)

WASHINGTON, Oct. 30.—Rep. Rees (R) Kansas, chairman of the House Civil Service committee, charged today that executive agencies of the government are firing veterans faster than they are hiring them.

Rees asserted that reports from the presidential agencies disclosed that in the first nine months of this year, nearly 50 thousand more veterans were dismissed from government jobs than were hired. Rees declared:

"Veterans, who were promised and have every right to expect job security are feeling the full brunt of the reduction-in-force programs of the agencies."

### Veterans Reduced

He announced that during September, 34,397 veterans were separated from Federal service while only 26,390 were employed. Rees commented:

"This represents a net reduction of over 8,500 veterans in September."

Rees declared that the executive branch of the government still employs more than two million workers and has reduced its total roster only 1.5 per cent. He listed the number of workers at 2,021,760 employees.

Concerning the nine-month period from January 1 to September 30, Rees said reports from the agencies show that "well over a quarter of a million veterans—270,011—have lost their jobs with the Federal government."

### Fewer Veterans Hired

Rees said that in the nine months, only 221,425 or 43,586 fewer veterans were hired by the agencies.

The Congressman also reported that war service and temporary employees during September constituted 40.5 per cent of all Federal civilian employment, a decrease of only .5 per cent during the month. Rees concluded:

"Little progress is reported by the Civil Service commission in returning career employees to the positions from which they were displaced by reduction-in-force and which are now being occupied by war service employees."

"The new placement program announced by the commission in August has proven ineffective and a new program has been announced."

He reported that of more than 59,000 employees hired in September, only 867 were career government employees.

### HELD FOR HEARING

Orlando Rubels, age 24, of Dewey avenue, is in the county jail today, having waived a hearing on a charge of open lewdness sworn to by Chief of Police Robert D. Hanna, before Alderman J. C. Kennedy. He was arrested by Policemen Sigler, Bush and Russo in Croton avenue last night.

## Christian Standards of Conduct

Highlights On The Sunday School Lesson

By NEWMAN CAMPBELL

(The International Uniform Lesson on the above topic for November 2 is James 3:5; Acts 4:1-10, the Memory Verse being Proverbs 8:7. "My mouth shall utter truth.")

Continuing our series of lessons on The Letters of Early Church Leaders, as exemplifying Christian conduct, we have an excellent subject in today's lesson. James, in his letter to the Christian Jews, gives us of today some fine suggestions for Christian conduct, and reminds us of our frailties.

The first chapter to which we are referred shows us in pungent phrase how uncontrolled our conduct often is. We "put bits in the horses' mouths, that they may obey us; and we turn about their whole body."

"Behold also the ship, which though they be so great, and are

driven of fierce winds, yet are they turned about with a very small helm, withersover the governor (helmsman) listeth."

Then he says, "Behold, how great a matter a little fire kindleth!" Almost every day we see in the newspapers about a man who burned himself to death and perhaps burned a house down by dropping off to sleep while smoking. That cigaret or spark from a pipe started a very small fire—but it did great damage, and might have gone up in flames and counted less lives have been lost by fires started by such a small cause.

"The tongue is a fire," continues James. "It defileth the whole body, and setteth on fire the course of nature; and it is set on fire of hell."

"For every kind of beasts, and

of birds, and of serpents, and of things in the sea, is tamed, and hath been tamed of mankind."

### Human Tongue Unruly

"But the tongue can no man tame; it is an unruly evil, full of deadly poison."

"Out of the same mouth proceedeth blessing and cursing. My brethren, these things ought not to be so."

"Who is a wise man and endowed with knowledge among you? let him shew out of a good conversation his works with meekness of wisdom." The smallest child in any Sunday school class can understand and has had experience of the unruliness of his little tongue. Hasn't he been punished for saying naughty words that he heard his playmates use and repeated at home after being told he must not say them? Hasn't he been rebuked for angry words with his playmates, sisters and brothers, or for impertinence to parents or teachers? Each and every one of us knows only too well how easy it is to say things that we should

not say; in other words, how difficult it is to control our tongues.

"If ye have bitter envyings and strife in your hearts, glory not, and lie not against the truth."

"For where envying and strife is, there is confusion and every evil work."

"But the wisdom that is from above is first pure, then peaceable, gentle, and easy to be intreated, full of mercy and good fruits, without partiality, and without hypocrisy."

"From whence came wars and fightings among you? come they not hence, even of your lusts that war in your members?"

"Ye lust, and have not; ye kill, and desire to have, and cannot obtain; ye fight and war, yet ye have not, because ye ask not."

Have not all the great wars of all times been fought because some envied, others and tried to get what they wanted by fighting, losing not only thousands of precious lives, but failing to get what they were fighting for?

### Draw Nigh To God

Will men never learn to suppress their envy of others? to do

justly, to love mercy, and to walk humbly? "Draw nigh to God," wrote James, "and he will draw nigh to you. Cleanse your hands, ye sinners; and purify your hearts, ye double-minded."

"Speak not evil one of another, brethren. He that speaketh evil of his brother, speaketh evil of the law, and judgeth the law; but if thou judge the law, thou art not a doer of the law, but a judge." James chastises the rich man who care not how he comes by his wealth. The cries of those they have cheated and abused will be heard by God, he states, and their riches will be as dust and ashes.

Lastly we are referred to the fourth chapter of Acts, where we are told that after Peter and John had cured a lame man, the authorities of the church arrested them and put them in prison. Next morning they were taken before the princes of the synagogue and asked by whose power or in whose name they performed the miracle.

Peter, bold and unafraid, answered: "Be it known unto you all, and to all the people of Israel, that the

name of Jesus Christ, of Nazareth, whom ye crucified, whom God raised from the dead, even by Him doth this man stand here before you whole."

## Pollock School

### Plans Halloween

### Program Friday

Halloween will not go unmarked at the Pollock grade school on Home street, if pupils and teachers carry out the program that has been planned for Friday afternoon in the school.

Upper and low classes have planned individual plays for the afternoon, with a grand march to be held for those arriving in costume. Prizes will be awarded for the funniest and the prettiest costume. During the program, the instrumental ensemble that has been trained by Arthur Canning,

city instrumental teacher, will present several numbers.

The pupils will wind up their happy afternoon with parties in their individual home rooms, when refreshments will be served.

It is announced that during the present school term, \$424.70 worth of bonds and stamps have been sold in the school. The best posters in the recent Red Feather contest, were made by Dominick Palmer, Nancy Tosch and Danny Devitte, all students in grade 6-2.

## Shenango Firemen

### Plan Nominations

Shenango Volunteer Fire department members will meet in the East New Castle hall Friday evening, November 7, for the annual nomination of officers for the coming year. The meeting will be in charge of W. R. Waddington.

Officers will be elected at the December meeting which will also take place in the fire hall.

# NAACP Hears Of Big Convention Held At La Mott

Reports Are Given By Delegates  
At Forum Meeting In  
Baptist Church

Members of the local branch of the N. A. A. C. P., heard some interesting reports on the state convention held at LaMott, Pa., early this month, at their monthly forum meeting in St. Paul's Baptist church.

Mrs. Lillian McHenry gave a complete review of the entire conference, pointing out interesting portions of some of the wonderful speeches made by residents of LaMott, and of the National Board. The address of Mr. Postelle Vaughn, who has made a special study of the Negro from spiritual, economic, and social levels, was most interesting.

Mr. Vaughn is manager of the Pennsylvania State Employment Service. His subject was, "The importance of our youth." Dr. John Brodhead, schoolman and Rabbi Myer also gave interesting talks. Speakers from the National Association included Mrs. Rudy Hurley, youth director; Miss Lucille Black, director of branches; and Roy Wilkins, editor of "The Crisis."

Dr. James A. Gillespie, vice president of the state conference, spoke briefly, and commended Mrs. McHenry on her thorough covering of the conference. Burl Hall, member of the finance committee of the state conference gave a report on the finances.

Solo numbers were given by Mrs. Carrie Cobb, soprano; and William Nelson, baritone.

Election of members to the nominating committee, resulted in the following being chosen: Mrs. Modella Clark, Mrs. Bessie Fitzhugh, Mrs. Carrie Cobb, James McCarthy, Mrs. Virgie Anderson, and Mrs. Lillian McHenry. They were instructed to meet as soon as possible and to turn their selections over to the publicity committee, composed of Miss Corrine Garside, and Edward E. Smith.

Wood-pulp yarn is a coarse yarn formed by twisting narrow strips of paper, made from wood pulp, in special machines. In this ingenious manner, cellulose fibres too short for ordinary spinning can be utilized.

## Expedition To Hunt Seashore Animals

PHILADELPHIA, Oct. 30-(INS)—Fossils of seashore animals of fifty million years ago will be hunted under guidance of experts on the autumn fossil expedition of the Academy of Natural Sciences of Philadelphia to the Marl pits of southern New Jersey.

It is expected that fossil sharks' teeth, shells and the remains of other animals that lived in New Jersey when the Atlantic ocean shore line receded as far west as Camden, will be found.

While beavers are aquatic in their habits and spend much time in the water, they do not eat fish, but live on the bark of deciduous trees, lily roots, etc.

#### Madison Church Has Halloween Event

On Wednesday evening, a large crowd gathered in the dining room of the Madison Avenue Christian church, and had a delightful time at a Halloween party sponsored by the Bible school. Those assembled were in costume. The room was nicely decorated by John Hall and Charles Evans of the committee.

The masqueraders formed for the grand march, accompanied on the piano by Miss Doris Ringer. First prize was awarded to Gayle Evans for best costume; second prize to Mrs. Sue McConnell.

Various games were arranged for the children by Mrs. Herb Mullen, Miss Doris Ringer, and Mrs. Earl Turk, of the committee of arrangements.

To close the evening, the committee with their aides served a splendid lunch.

#### School Teachers Halloween Party

Mahoning School Teachers Meet  
At Mrs. William Allen's  
Home For Event

Mrs. William Allen of Swan  
Lake on the Butler road, was  
"hostess" to the teachers of Ma-  
honing school, at a halloween frolic  
in her home, on Monday eve-  
ning.

A novel masquerade was created  
by having each guest costume  
some one else. There were hats  
for 'Louella Parsons', grass skirts  
for hula girls, veils for blushing  
brides, and straw hats for the  
farmers.

When those assembled were  
nicely garbed, a delicious dinner  
was served by the hostess, as-  
sisted by Miss Shorts, Mr. Schmidt,  
and Mrs. Book, social committee  
of the school.

Following dinner, the evening  
was spent playing various games,  
folk dancing, and group singing  
directed by William Schmidt.

**Presbyterians  
Halloween Party**

There was a large attendance in  
the Sunday school room of the  
Mahoningtown Presbyterian church  
on Tuesday evening for a Hallo-  
ween party sponsored by the ladies  
of the church.

The room was beautifully de-  
corated Halloween motif. The mas-  
queraders joined in a grand march  
to the accompaniment of Mrs.  
Arthur C. Brown. Prizes were  
awarded to those having the best,  
funniest, and prettiest costumes.

Pep singing by all assembled  
was directed by E. O. Farver, with  
Mrs. Farver at the piano.

A program of entertainment

followed; Miss Ilene Scheideman-  
tle and Claire Galbraith gave a  
vocal duet; Franklin Brown, piano  
solo; Rev. Howard Redmond, pas-  
tor, and Harold Swisher gave a  
stunt. Rev. Redmond played ac-  
cordion and piano solos; Grace  
Martin, accordion solo.

Delicious refreshments were  
served by the S.C.W. and K.Y.U.  
Bible classes.

#### YOUNG PEOPLE PLAN HALLOWEEN PARTY

Members of the Young People's  
society of Mahoningtown Presby-  
terian church will sponsor a Hal-  
loween party this evening at 8 in  
the Sunday school room. Young  
folks of First U. P. church will be  
guests.

#### Flint Housewife Wins \$100,000 On Irish Sweepstakes

Mrs. Hazel Deview, 54, Will Take  
Things Easy; Husband Has  
Broken Leg

FLINT, Mich., Oct. 30.—(INS)—  
Mrs. Hazel Deview, 54-year-old  
Flint Mich. housewife, almost fell  
off the davenport when she  
learned she won \$100,000 first  
prize in the Irish Sweepstakes.

Newsman swarmed about the  
modest Deview home shortly after  
she heard her horse, Fairley Ful-

mar, won first place in the annual  
classic. Mrs. Deview, telling news-  
men of her thrill, absent-mindedly  
began to dust a table top and then  
remembered.

"Dust it? I'll hire a maid to do  
that," she exclaimed.

**Husband Breaks Leg**  
She said she would use the money  
to remodel her home and pro-  
vide other things for her family,  
although federal income taxes will  
take a large part of her winnings.

Her husband, a Buick factory  
employee, suffered a broken leg at  
work and has been idle for six  
months. Mrs. Deview said that  
she had planned to return to work  
as a ward helper in the Hurley hos-  
pital. She added:

"I think I'll take it easy now,  
though."

Mrs. Deview explained the win-

ning ticket cost her nothing. She  
earned it as a commission for sell-  
ing a book of tickets to less lucky  
persons.

# Bessemer Can Annex County "B" Grid Title By Beating Shenango

## Friday Afternoon Tilt Set For Wildcat Field

Cementers Pegged 13-Point Favorites To Humble Nahas Lads For Toga; Union Ends Season At Mercer; New Castle-Ellwood Meet Class AA Foes.

Bessemer high school can wrap up the county class "B" football title for the second year running Friday afternoon if they pull off a successful invasion of the Shenango field.

Having already disposed of Union, 19 to 6, the Wildcats stand as the last obstacle to county supremacy for the Ciccone-coached machine.

**Bessemer Favored**  
The Cement City gridgers are booked as favorites to pull off the stunt. They appear to have too many guns for the light but scrappy Cats who have not clawed anyone since their opening with so-so Mercer (a 6-0 verdict).

The Shenangos then dropped successive contests to Zelenople, Hopewell and Evans City before assembling themselves for a bitter scoreless tie with Union. In their last outing they lost to Freedom, 6-12.

Bessemer has carved out four wins, losing three, and except for scholastic ineligibility and injuries to key players would have etched a brighter result card. Following the all-important Wildcat meeting they will close the season against Freedom while Shenango has a game remaining with George Junior Republic. Kick-off will be at 7:30 o'clock.

**Union In Finale**  
Union high's "Scotties", winners in but one start out of seven, will try to ring down the curtain with some salvage of glory against Mercer high's "Mustangs" at the Mercer county grid Friday night.

This game is rated a toss-up and the Scotland Lane crew is anxious to cop.

Both AA schools of the county are in for league scraps Friday under the aegis of New Castle tangles with a downtrodden Aliquippa high eleven, one of the weakest in the history of the valley school. The Indians have notched but one win (over hapless Butler, 14-6) in a dismal season.

At Ellwood it will be a different story, however. Beaver Falls' dangerous Tigers will be the opposition at the Lincoln high field in what should be a ding-dong battle.

The Wolverines have shown a fine reversal of form in their last three contests, whipping Clarion, Kittanning and Aliquippa, and have more than fair chances of handing the Tigers a lacing.

## County League Banquet Arranged

Plans have been completed for the biggest County League Baseball banquet of them all, President Alec Samuels announced today. Many notables in major and minor league ball are scheduled to appear at the fete which will be staged in The Castleton hotel Saturday night.

The dinner will honor the champion Ellwood Moose club.

**JUNIOR RIFLES MEET TONIGHT**  
The New Castle junior rifle club will hold its annual meeting to night at the Cathedral range at 7:30 o'clock, it was announced. All members and those wishing to become members are asked to attend.

**GRID GAME CANCELLED**  
MORGANTOWN, W. Va., Oct. 30.—(INS).—Athletic Director Roy (Legs) Hawley of West Virginia University announced today the football game scheduled for Saturday between Western Reserve and Mountaineer football teams had been cancelled.

## 'We'll Beat Bears' Declares Balmini

Ellwood City Man Says No Question Of Winner In Bears-Trojan Game

You have the word of Carmen Balmini, an Ellwood City business man, that the Ellwood City Trojans will defeat the Wabash Bears when they play at Taggart Stadium on November 14. The two teams will play a benefit game on that night for the New Castle senior high school band, the net receipts to go towards defraying the expense of sending the band to Bethlehem on Thanksgiving Day.

"Here's the way I figure it" said Mr. Balmini. "The Trojans are a young team, they have more hipper-dipper, they know more modern football, and they are fast and deceptive. It looks to me like a cinch for the Trojans."

**Adamo Silent**  
"Blackie" Adamo, coach of the Bears and a former New Castle high school star made no claims about the game. "We'll play the game on that 100 yard strip called the Taggart Stadium gridiron" said he. "We're making no claims, no statements, our boys will say theirs with passes, plunges and punts on the night of November 14."

Call it quiet confidence if you will, but the Bears seem to have it. They know they have a good team and if the Trojans beat them on November 14 it will be because they are better.

In the meantime the call for tickets is beginning to swell into a clamor. The football fans want to aid the band fund, but they also want to see these two Lawrence County fast professional teams fight it out on the football field.

In New Castle the Sporting Goods Store has tickets on sale, in the South Side, the Roussos restaurant, and in the seventh ward William Domenick has charge of the ticket sale. By a week before game time, the ticket sale should be tremendous.

**BOLANOS NEARER CRACK AT WILLIAMS**  
EL PASO, Tex., Oct. 30.—(INS).—Enrique Bolanos, Los Angeles lightweight, today was a step nearer a bout with champion Ike Williams as a result of his three-round knockout victory over Jesus Ruiz, of Mexico.

Bolanos, at 132 pounds, forced last night's fight held in El Paso all the way, dropping Ruiz, 137, in the first and second rounds before he sent him down for the full count in the third.

The bout was scheduled for 10 rounds.

**ROCKETS-GROVERS CLASH SLIPPERY ROCK, Pa., Oct. 30.**—(INS).—With six players on the injured list, the unbeaten but tied Slippery Rock Teachers today looked forlornly toward their game with Grove City college Saturday.

Coach Bill Storer listed the injured as center Ray Nedvidek, quarterback Paul Uram, back Bill Barron, end Steve Gerdy, tackle Ray McCarthy and back Dick Murray.

Penn State's 1947 football team is well-beeled in the fullback position. Backing up Joe Colone, the premier kicker and passer, are Bob Weitzel, an outstanding runner, Francis Rogel, an extraordinary blocker.

Two Big 200 Pound Backfield Stars Will Help Bears Offensive Attack

Seeking to increase the effectiveness of their backfield for the game Sunday with the McKeesport Legionnaires, the Wabash Bears have added the services of two big 200 pound ball-toting stars Gabby DeCaprio and Sammy Copple.

The kickoff Sunday will find the Bears well fortified with stars and the local semi-pros expect to give the visitors quite a rough afternoon. It was announced by Coach Blackie Adamo.

The Bears will be seeking their second win of the season, against one tie and one defeat. The McKeesport team is rated one of the toughest in the Pittsburgh area.

**HORNETS WIN, 6-5; HERSHEY LOSER, 3-1**  
PHILADELPHIA, Oct. 30.—(INS).—The Philadelphia Ice Hockey Rockets sizzled two goals in the twines in the last three minutes of their local opener against the Pittsburgh Hornets last night, but the rally was futile as they went down to a 6-5 defeat.

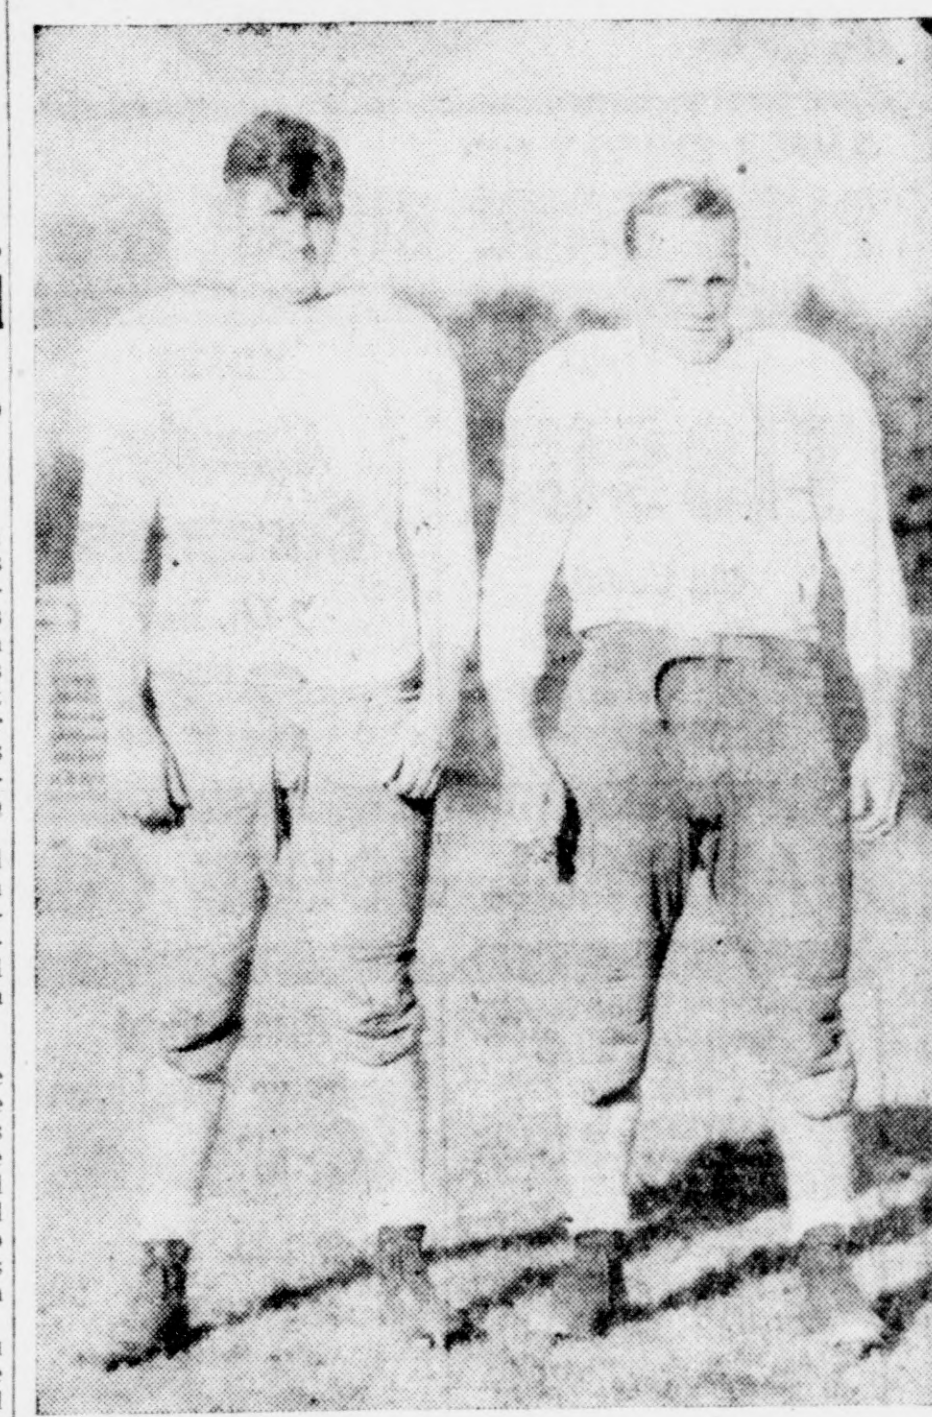

The victory boosted the Hornets into a tie for first place in the Western division. The loss was the Rockets' fifth, as against one victory and a tie.

**HERSHEY, Pa., Oct. 30.—(INS).**—The Hershey Bears were defeated 3-1 last night in the Sports Arena by Washington and the Lions moved into first place in the Eastern division of the American Hockey League.

Approximately 5400 spectators saw the last season's champions avert a shutout in the second period when Defenseman Roly McLenahan poked the puck into the nets when Goalie Gordie Bell was wide of the crease.

## NO BIG GAMES IN SMOKY CITY THIS WEEK-END

PITTSBURGH, Oct. 30.—(INS).—There are five football teams in Pittsburgh, but there won't be a game in the smoky city this weekend.

Through a strange schedule-making coincidence, four of the teams will be playing away from home and the fifth, Duquesne, has an open date.

Pitt goes to Minnesota and Carnegie Tech plays at Washington & Jefferson. Among the pros, the Pittsburgh Steelers meet Green Bay at Milwaukee, and the McKees Rocks Rockets of the Pennsylvania pro league play at Altoona.

## WING TO MISS GAME FRIDAY

Injured Right Tackle Will Sit On Bench, Keys Will Start At Right-Half

Big Charley Wing, the 200 pound senior right-tackle of the New Castle High football team will miss the Aliquippa game Friday night, it was announced by Head Coach Bridenbaugh. Lou Zeigler will be the starting tackle on the right side of the line.

Wing has been bothered by injuries more or less all season and it is deemed advisable to keep him out of action this week. At the same time Bridenbaugh announced that "Dancing Feet" Sammy Keys, the colored right-half will start in place of Gilmore. These are the only changes in the heretofore starting lineup.

**Seek Eighth Win**  
New Castle will polish off its training for the Indians battle today. The "Red Hurricanes" are seeking their eighth win of the current campaign. The Aliquippa plans are going after their second win of the year.

The Indians have absorbed six beatings this year, and have won one—from Butler 14 to 6. The Indians gave the big Rochester a tough evening 18 to 7, but fell by the wayside in the Ellwood, Ambridge and Beaver Falls games.

The kickoff will take place at 8 o'clock Friday night.

## Panthers Leave For Gopher Tilt

PITTSBURGH, Oct. 30.—(INS).—The University of Pittsburgh Panthers, who emerged from their hapless state to score a 12-0 upset victory over Ohio State last week, leave tonight for Minneapolis where they meet the Minnesota Gophers Saturday.

Coach Mike Milligan planned a scrimmage for this afternoon to wind up training for the game. Drills all week have stressed defense in anticipation of the bruising attack of Minnesota's forward wall.

Aside from veteran end Leo Skladany, who injured an ankle in last week's game, the Panther squad is intact.

## Ronzi Defeats Eddie Faietta

Hyde Wins Nod Over Bill Bradley, George Wolfe Takes Guy Elisco

Billy Pozza of Ellwood City scored a technical kayo over Howard Thornton of Pittsburgh in the third round and Ritzzi Ronzi of Youngstown captured a three-round decision from Eddie Faietta of Steubenville in three sessions before a small crowd in The Arena last night. They are heavyweights. The fights were held by the Jefferson Athletic club.

Thornton's long left and ring-craft kept Billy from scoring any appreciable damage in the first two rounds, but in the third, Thornton slipped to the floor, got up, then went down without being struck and took a count. After that things happened to him.

Pozza let loose with a barrage that drove Thornton to the ropes, where they slugged with Pozza having the better of the exchange. Pozza put a right to the jaw that dropped Thornton to the floor. He was taking a count when his chief second threw in a bathrobe in token of defeat.

Ritzzi Ronzi scored hard rights to Eddie Faietta's head in the first round while Faietta pawed his left for the head but missed several right hand punches. Ronzi also took the second round although Faietta did better in this second scoring a left jab several times. He seemed tired.

In the third Ronzi double-barreled to the jaw, forced the fighting and had Faietta bleeding from the nose. Toward the end of the round, Faietta put a right to the jaw that staggered Ronzi. Faietta held on and was tired at the end of the fight. Ronzi won all three votes.

**Bradley Loses**  
Bill Bradley of New Castle lost a split decision to Bobby Hyde of Slippery Rock college in a middleweight bout of three rounds. However, in the opinion of the writer, he won the fight because he boomed his tough blows because he caught Hyde, who outweighed Bradley, with his hands down, after the first bell, and knocked down the college student.

After taking a count of nine, Hyde arose and was on the receiving end, as he was also in the second stanza. However, in the third, Hyde had regained his form and took the round by a fat margin. One judge voted for Bradley while the other ring jurist and referee cast their votes for Hyde.

Danny Benedetto of Youngstown and Chuck Turner of Steubenville, at 147, fought a very good fight. Danny scored most to the head in the first and drove Turner around the ring in the second but he lost the third session when Turner out-bulled the Youngstown mauler. Benedetto got the split decision.

**Wolfe Beats Elisco**  
Sharkey Lewis of Pittsburgh and Tommy DeSantis of Youngstown, formerly of this city, fought three fast rounds at 112. DeSantis won.

George Wolfe of Youngstown won a three-round decision over Guy Elisco of New Castle in a heavyweight fight. Wolfe blocked many of Elisco's leads in the first round and scored to the stomach in the second. However, Guy captured the third round and Wolfe won a split decision.

Mike Gisondi of Ellwood City outpointed Happy Adams of Pittsburgh in three rounds at 135. He was awarded a split decision.

Jimmy Evans of New Castle scored a knockout over Mac Hughes of Steubenville, with a blow to the stomach in the first round of a lightweight bout.

The referees were Sam and Ray Leshock; judges, Blue Sunoco and Bob Fraser; timekeeper, William Fazzone; announcer, Charles Walther, and matchmaker, Tommy Leach.

It was the third consecutive losing fistic venture here. The next show, in two weeks, will be a pro' cast.

## Cadets Looking Ahead To Irish

WEST POINT, N. Y.—Oct. 30.—(INS).—The slightly tarnished black knights of West Point, the once-defeated Army football team, today looked eagerly past this week's skirmish with Washington and Lee for the encounter with Notre Dame November 8.

And while the Kaydets looked "past", they also looked "up". Because, it is through the air that Coach Earl Blaik hopes to dry clean Army's stained victory toga.

Arnold Galiffa, Army's reported "secret weapon", scraped the clouds with long aerals and rifled bullet passes to his mates as Blaik prepared strategy for the invasion of South Bend that will terminate.

Indefinitely the once-glorious rivalry between the two great schools.

Blaik, evidencing only slightly disappointment at Columbia's 21-20 upset of his charges, feels that concentrated passing attack must be mustered if Army is to cope with ND's passing wizard, Johnny Lujack.

## SHAMROCKS MEET G. I. SHINE TEAM SUNDAY FOR TITLE

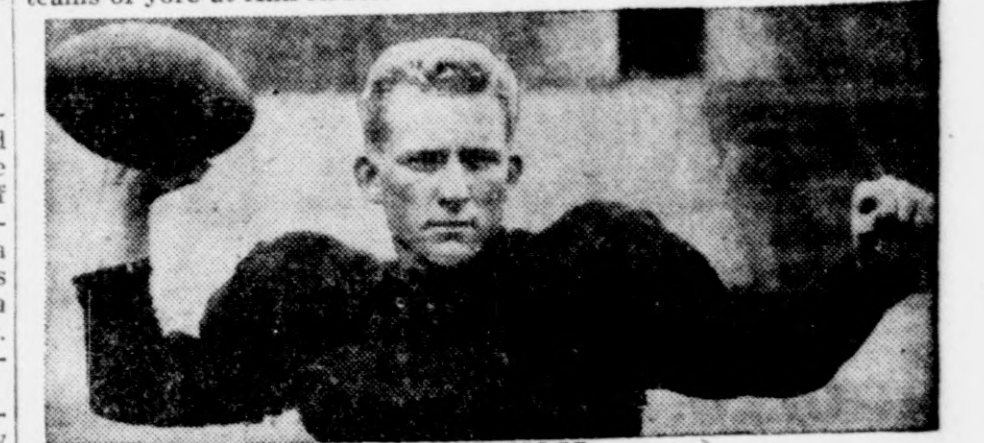

Sunday afternoon at 2:30 the East Side Shamrocks will host to the G. I. Shine team at George Washington field in a contest which will decide the sandlot championship of the county.

Last year the Shamrocks were runners-up for the honors.

## Illini Block Michigan Path To Big Nine Toga

Saturday afternoon at Champaign-Urbana, Illinois, the Big Nine title race will be settled when two rather deflated contenders collide head-on. It will be the Illini against the Wolverines of Michigan in the spotlight game of the day.

This encounter had all the glitter in the world up to last Saturday. Illinois was riding high on a ten-game win streak and the fabulous "Wolves" were causing old grads to murmur about the point-a-minute teams of yore at Ann Arbor.

PERRY MOSS

Two teams named Purdue and Minnesota took care of the glitter—the Boilermakers pulling off the surprises of the season by sidetracking the Illini express, 14-7, and the Gophers extending the Crisler juggernaut, 6-13.

**Both Teams Shocked**  
Illinois simply found that Stu Holcomb, Purdue coach, is one of the better strategists in the conference, and that his Black and Gold warriors were really "hep" to halt them.

Michigan's touchdown symphony which had rolled harmoniously over Michigan State, Stanford, Pitt and Northwestern, screamed off into utter dissonance against the giant Gopher line. During the first half, the Michigan attack, which had proved swift, bewildering and versatile, suddenly was dulled by too many big guys in golden jerseys who simply wouldn't move. A desperation pass and a last quarter run chalked the scores after the Wolverines had gained exactly one yard from scrimmage in the first two periods.

**Game Rated Toss-Up**  
By virtue of both teams' dismal showings last week, the game can be classed a toss-up. Both have big and agile lines and expert backs in Perry Moss, the Illini flipper, and Bob Chappuis, the Michigan triple-threat. Indications point to a high-scoring affair with plenty of pay-dirt plays. Illinois probably should have the "blood in the eye" attitude after that Purdue stumble, while the Wolverines know that this is it—a victory would almost assure them of the crown.

Chipped of some of the gilt or not, the game will draw a SRO crowd to the Illinois stadium. Probably some of the best fireworks of the screwy season will result.

## Titans To Play Game In Philly

An announcement has been made in Philadelphia that the Westminster college basketball team will play the St. Joseph's college team, Saturday, January 31, at Convention hall, as a part of a big double bill featuring Temple and St. John's in the other half of the program.

## Titans Battle Geneva Saturday

Five Westminster Stars Will Sit On Bench With Injuries, Hettler Reveals

(Special To The News)  
NEW WILMINGTON, Pa., Oct. 30.—The Westminster College win streak is expected to end at one straight Saturday night when the Titan journey to Beaver Falls to tackle the tough Geneva Covenanters.

The Titans gained their first win in five starts last Saturday against Bethany, but Coach Mel Hettler has received nothing but glowing reports on the fast stepping Covies. The injury-plagued Titans will have to play far over their heads to throttle the Geneva attack.

**Five Stars Out**  
At least a half dozen Titans who were to have played a lead role in the Westminster football picture are definitely out, and two others are doubtful. Joe Demoise, Walter Schumm, Gaylord Lutz, Bob Beynon, Jack Moyer, and Bob McDaniels, all will watch the game from the stands. Jim Ross and Ed Kusek both received injuries in the Bethany win and are on the doubtful list.

Geneva will be out to annex its 31st win in the long 52-game series. Eight games have ended in ties.

## CERDAN TO FLY TO SICK BROTHER FOLLOWING BOUT

CHICAGO, Oct. 30.—(INS).—Marcel Cerdan, French middleweight star who meets Anton Raadik of Estonia in a 10-round boxing bout tomorrow night at the Chicago stadium, announced early today that he will not remain in Chicago long after the fight.

Cerdan received word that his brother, in whose care he left Mrs. Cerdan and their three small sons at Casablanca, North Africa, is ill. The French boxer plans to return to Casablanca by plane as soon as he can catch the first airliner out of Chicago.

## Yardage Fight Hotly Disputed In National Loop

Rushing, Passing, Scoring  
By Individuals Is Closest  
In Years

By LOU GARAVANTE  
(International News Service Sports Writer)  
NEW YORK, Oct. 30.—Figger  
Filberts may have to do graduate  
work in higher mathematics to de-  
termine accurately league indi-  
vidual offensive champions if to-  
day's statistics, released by the  
National Football league, are any  
criterion.

In particularly hot dispute are  
the ground gaining, passing, high-  
scoring, and punting diadems of  
the senior professional football  
loop.

In the ground gaining sector,  
the name of Johnny Clement leads  
all the rest with 406 yards  
achieved on 78 rushes. In itself  
that record is hardly inspiring,  
especially since Shashin' Steve Van  
Buren of the Philadelphia Eagles  
is but two yards behind and has  
played one less game than Clement.

'Cinderella Star'  
The story behind this statistic  
is that Clement is really a sort  
of "Cinderella" star who might  
not be playing if it had not been  
for the temperament of Bill  
Dudley.

Under the heading: "Leading  
Punters", the name of Jeff Burkett  
appears as Western division leader.  
The Chicago Card halfback regis-  
tered an impressive 47.4 yards per  
punt. That record won't change.

Burkett was killed in the crash  
of the Los Angeles-New York  
DC-6 airliner which crashed last  
Friday killing all aboard.

Although technically Burkett is  
the leader, he shares the first  
place spot with Howard Maley of  
the Boston Yanks who has booted  
the ball 39 times for an average  
of 43.8 yards. Sammy Baugh, of  
the Washington Redskins usually  
acclaimed for his passing, is pres-  
sing Maley with a 46.2 average.

However, Baugh has punted only  
19 times.

The passing crown probably will  
be worn by either Baugh or Sid  
Luckman of the Chicago Bears.  
The two are as close as this.

According to the figures, Baugh  
is the better aerialist at present  
with 83 completions in 146 at-  
tempts for 1307 yards and 11  
touchdowns. Baugh's average is an  
excellent 56.8.

Luckman has hit receivers (espe-  
cially end Jim Keane) with 77  
passes on 129 throws for 1192  
yards and 11 TD's. Luckman's av-  
erage is even better than his Red-  
skins rival—59.6.

The high scoring feud involves  
Dudley and Steve Lach who have  
tallied 42 points, and Pat Harder  
of Chicago Cards who has notched  
40.

Other leaders include: Val Jan-  
sante, Pittsburgh, pass receiving  
(21) in the East; and Keane of the  
Bears (31) in the West.

## White Sox VP Punished For Signing Youth

CINCINNATI, O., Oct. 30.—  
(INS)—Leslie O'Connor, vice-presi-  
dent and general manager of the  
Chicago White Sox, was denied the  
privileges of the rules of organized  
baseball today for refusal to pay  
a \$500 fine imposed for signing a  
high school player.

Walter Mulbry, secretary-treas-  
urer of organized baseball and as-  
sistant to Commissioner A. B.  
"Happy" Chandler, said the denial  
would prevent O'Connor from sit-  
ting as a member of baseball's ex-  
ecutive committee at its next  
scheduled meeting November 7 un-  
less he pays the fine.

The fine, Mulbry said, was im-  
posed because O'Connor signed a  
contract with George Zoeteman,  
of Chicago Christian (Parochial)  
high school, in violation of base-  
ball's high school rule.

The denial also means that no  
transactions of the White Sox will  
be approved by Chandler's office  
until the matter is straightened  
out.

CHICAGO, Oct. 30.—(INS)—A  
tight-lipped baseball world sat on  
a keg of dynamite today and  
waited for legalistic Leslie  
O'Connor and his embattled Chi-  
cago White Sox to fight the game's  
high commissioner in the courts.

Baseball men wondered, too, if  
today was the day the Sox would  
seek an injunction against Com-  
missioner Happy Chandler's en-  
joining them from signing players,  
making deals, and otherwise con-  
ducting their affairs.

Either move would be unpre-  
cedented in the history of the na-  
tional pastime, but Sox General  
Manager Leslie O'Connor, prac-  
tically if not literally suspended  
by Chandler for refusal to pay a  
\$500 fine after signing a Chicago  
high school player, was in an un-  
precedented spot.

Manager Leslie O'Connor, prac-  
tically if not literally suspended  
by Chandler for refusal to pay a  
\$500 fine after signing a Chicago  
high school player, was in an un-  
precedented spot.

Either move would be unpre-  
cedented in the history of the na-  
tional pastime, but Sox General  
Manager Leslie O'Connor, prac-  
tically if not literally suspended  
by Chandler for refusal to pay a  
\$500 fine after signing a Chicago  
high school player, was in an un-  
precedented spot.

IN "COMPLEXION CHOICE"

A New  
Conception of Color  
for Men

Through the "Complexion Choice"  
in our Knit-tex Topcoats, you  
now have several different blends of  
your color to choose from.

What a difference it makes when  
you get your color in the blend that's  
best for your complexion.

This difference is also due to a  
new way of weaving colors to produce  
Authentic Scottish Heather Blends —  
as many as 8 different colors  
going to create one blend.

Of course, Knit-tex is a most  
wearable topcoat — serves you almost  
10 months of the year because it's  
warm enough for cold days, yet light  
enough for mild days. On wet days, it  
sheds "drizzles" — on all days, it resists  
wrinkles — seldom needs pressing.

## PICKETING IS CONTINUED IN LENGTHY STRIKE

HOLLYWOOD, Oct. 30.—(INS)—  
Picketing by carpenters in the  
13-month-old Hollywood jurisdic-  
tional film strike continued today.  
Carpenters local union 946 of  
the Conference of Studio Unions,  
with 1,800 members in attendance  
last night, voted to continue their  
picketing until signed contracts are

received or all locked-out workers  
are returned to their jobs.

The strike began when work  
formerly done by the carpenters  
was transferred to the set erect-  
ors of the rival International Al-  
liance of Theatrical Workers to re-  
place the strikers.

An estimated \$20,000,000 in per-  
manent construction at film stu-  
dios has been blocked by the re-  
fusal of AFL building craftsmen to  
cross picket lines.

LUTHER SUCCEEDS DAVIES  
CLEVELAND, Oct. 30.—(INS)—  
Cleveland's Western Reserve  
university football squad was un-  
der the mentorship of Line Coach  
Richard Luther today following  
Dismissal of Tom Davies, head  
coach since 1941.

Davies was fired by the uni-  
versity's athletic council yester-  
day, five days after Davies first  
submitted his resignation, to be  
effective at the close of the season.  
The committee, headed by Dr.  
Earl Shoup, voted to relieve Davies  
of his duties immediately.

## MOUNTAINEER CO-CAPTAINS

MORGANTOWN, W. Va., Oct.  
30.—(INS) — Mountaineer Coach  
Bill Kern today announced that  
quarterbacks Tom Keane and Russ  
Combs will act as co-captains of  
the West Virginia-Maryland game  
at College Park, Md., Saturday.  
The Kern clan will shoot for  
its fifth win in six games. West  
Virginia suffered its first defeat of  
the season last week at Penn State.

Top ground gainer on the un-  
beaten Penn State football team  
is Francis Rogel, reserve fullback,  
who has averaged better than five  
yards per carry in 45 carries. The

185-pound North Braddock, Pa.,  
sophomore reached his peak  
against West Virginia, grinding out  
117 yards in 16 carries. Line crack-  
ing is his forte.

The United States produces  
about 200,000,000 pounds of vege-  
table seed annually that are used  
for crop plantings throughout the  
world.

## Some Distilleries Are Re-Opened On Order Of Court

Kentucky Court Rules President's Food Committee Has No Authority To Act

LOUISVILLE, Ky., Oct. 30.—(INS)—Workers of the Heaven Hill distillers of Bardonia, Ky., returned to jobs Wednesday following a Jefferson circuit court ruling that President Truman's citizens food committee had no authority to call a whisky holiday. Judge W. Scott Miller, in the

Louisville court yesterday, ordered the distilleries to resume operations immediately. In his ruling, Judge Miller said "the national emergency has passed."

Distilleries throughout the nation, meanwhile, awaited the reaction of the Citizens Food Committee to the judge's action.

The judge later told an assistant U. S. district attorney: "If you can within two weeks show me some authority that the (Citizens Food) Committee has, I will set this ruling aside."

## Wilmerding Father Now Must Serve 35 Years For Crimes

PITTSBURGH, Oct. 30.—(INS)—Federal Judge R. M. Gibson Wednesday handed a Wilmerding father of three an additional five years in prison when he pleaded guilty to kidnapping and white slavery charge involving a 14-year-old girl.

William Dale Mitchell, 33, who previously had been sentenced from 30 to 60 years on two sex offenses, admitted that during the school strike in Dunbar township last February he posed as a federal labor conciliator and offered to place a 14-year-old girl in school at Connellsville.

Instead, FBI agents said, he drove to Salem, O.

Last month Mitchell was sentenced in criminal courts in Allegheny and Westmoreland counties for criminal attacks on two girls.

## Kobuta Plant Is Making Electricity

MONACA, a., Oct. 30.—(INS)—The huge Kobuta power plant, built during the war as a part of the government's huge synthetic rubber plant near Monaca, was pouring its electricity into the transmission lines of Duquesne Light company today, taking up the slack caused by a huge power drain into industrial plants. The company, which recently leased the plant, said the 9,000,000-kilowatt-hour monthly output was sufficient to supply the normal needs of 60,000 homes.
